Perspektif Jabatan

*DEPARTMENT'S
PERSPECTIVES*

Bebaru
Talipariti tiliaceum

VISI *Vision*

Untuk menjadi agensi terunggul dalam pengurusan hutan tropika secara berkekalan.

To be the agency of excellence in the sustainable management of tropical forest.

MISI *Mission*

Untuk mengurus dan membangunkan sumber hutan secara berkekalan serta mengoptimumkan sumbangannya kepada pembangunan sosioekonomi negara.

To sustainably manage and develop the forest resources and optimise their contributions to national socioeconomic development.

OBKJEKTIF / Objectives

Untuk menguruskan sumber hutan negara secara berkekalan bagi pengeluaran berterusan hasil dan perkhidmatan hutan serta penggunaannya secara optimum bersesuaian dengan keperluan alam sekitar.

To manage the forest resources sustainably for the continuous production of forest goods and services and their optimum utilisation, compatible with environmental requirements.

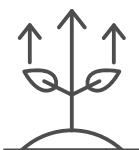

Untuk meningkatkan bekalan pengeluaran hasil dan perkhidmatan hutan melalui aktiviti-aktiviti perhutanan bersesuaian yang akan meningkatkan kualiti, produktiviti serta penggunaan sumber hutan.

To increase the supply of forest goods and services through appropriate forestry activities that enhance the quality, productivity and utilisation of the forest resources.

Untuk terus membangunkan teknologi mantap yang bersesuaian dengan keperluan alam sekitar bagi pemeliharaan, pengurusan dan penggunaan sumber hutan.

To further develop appropriate environmentally sound technology for the conservation, management and utilisation of the forest resources.

Untuk memelihara dan melindungi kepelbagaiannya biologi hutan, air dan tanah serta penggunaannya secara berkekalan.

To conserve and protect the forests biological diversity, water and soil, and their sustainable utilisation.

Untuk meningkatkan kualiti dan kecekapan kilang-kilang pemprosesan berasaskan keluaran hutan serta menambahkan aktiviti-aktiviti hiliran dengan nilai tambah yang tinggi.

To increase the quality and efficiency of the forest-based processing mills and enhance higher value added downstream activities.

Untuk memperkuatkan pembangunan sumber manusia bagi menyokong sektor perhutanan.

To strengthen human resource development (HRD) to support the forestry sector.

Untuk meningkatkan kesedaran awam berhubung peranan hutan terhadap alam sekitar dan pemeliharaan melalui pembelajaran serta penyebaran maklumat.

To improve public awareness on the environmental and conservational roles of forests through education and dissemination of information.

Untuk meningkatkan sumbangan sektor perhutanan kepada pendapatan negara, pertukaran wang asing dan peluang-peluang pekerjaan.

To increase the forestry sector's contribution to national income, foreign exchange earnings and employment opportunities.

PIAGAM PELANGGAN IPJPSM

Client's Charter FDPMHq

-  Semua permohonan untuk mendapatkan maklumat-maklumat mengenai pengurusan, pembangunan dan pemuliharaan sumber hutan serta industri perhutanan akan dikemukakan dalam tempoh satu (1) minggu dari tarikh permohonan diterima kecuali bagi maklumat-maklumat yang belum diperolehi oleh Jabatan.
All requests for information on management, development and conservation of forest resources as well as forest industries shall be entertained within one (1) week from the date such requests were made except for information not readily available in the Department.
-  Nasihat-nasihat teknikal mengenai pengurusan, pembangunan dan pemuliharaan sumber hutan serta industri perhutanan akan dikemukakan dalam tempoh dua (2) minggu dari tarikh ianya diterima kecuali bagi perkara-perkara yang memerlukan kajian yang khusus.
Technical advice on management, development and conservation of forest resources, as well as forest industries shall be forwarded within two (2) weeks from the date such requests were made except for matters requiring specific studies.
-  Semua permohonan untuk mendapatkan penerbitan tidak terperingkat akan diedarkan dalam tempoh dua (2) minggu dari tarikh permohonan diterima.
All requests for unrestricted publications shall be distributed within two (2) weeks from the date such requests were made.
-  Permohonan untuk mengikuti latihan dalam perkhidmatan yang dianjurkan oleh Jabatan akan dimaklumkan keputusannya dalam tempoh dua (2) minggu selepas tarikh tamat penerimaan permohonan.
All applications to attend in-service training organised by the Department shall be notified within two (2) weeks after the closing date for such applications.
-  Permohonan untuk mengikuti kursus-kursus di Institut Latihan Perhutanan (FORTRAIN), Kepong dan Pusat Latihan Perhutanan, Terengganu akan dimaklumkan keputusannya dalam tempoh satu (1) bulan selepas tarikh temuduga.
All applications to attend courses at the Forestry Training Institute (FORTRAIN) in Kepong and the Forestry Training Centre in Terengganu shall be notified within one (1) month after the dates of interviews.
-  Semua laporan kemajuan projek pembangunan hutan akan dikemukakan kepada agensi pusat tidak lewat dari tarikh yang ditetapkan.
All progress reports on forest development projects shall be submitted to the central agency not later than the date stipulated.
-  Keputusan tawaran pelaksanaan projek pembangunan hutan akan dimaklumkan tidak lewat dari empat (4) bulan selepas tawaran dikeluarkan.
Results of tenders for the implementation of forest development projects shall be made known not later than four (4) months after such tenders were issued.
-  Tindakan untuk mengemukakan dokumen bagi bayaran kemajuan kontrak ke Perbendaharaan akan diambil dalam tempoh satu (1) bulan dari tarikh permohonan diterima sekiranya semua syarat-syarat yang ditetapkan dipenuhi.
Actions to forward the contract progress payment documents to the Treasury shall be undertaken within one (1) month from the date of application provided all conditions are fulfilled.
-  Bon pelaksanaan kontrak akan dilepaskan dalam tempoh satu (1) bulan selepas tamat tempoh bon tersebut.
Performance bonds shall be released within one (1) month after the expiry date of such bonds.
-  Semua aduan berhubung perkhidmatan perhutanan akan diambil tindakan dalam tempoh tiga (3) hari dari tarikh aduan diterima.
All complaints pertaining to forestry services shall be acted upon within three (3) days after such complaints were received.

PIAGAM PELANGGAN JPN

Client's Charter SFD

Semua permohonan untuk mengeluarkan hasil-hasil hutan atau menjalankan kilang berasas kayu akan diproses mengikut prosedur yang telah ditetapkan.

All applications to take forest produce or to operate wood-based industries shall be processed according to prescribed procedures.

Lesen untuk mengeluarkan hasil hutan akan dikeluarkan dalam tempoh tidak melebihi enam (6) bulan dari tarikh kelulusan diberi, setelah semua syarat-syarat kelulusan dipatuhi.

Licences to take forest produce shall be issued within a period of not more than six (6) months from the date of approval, provided the required terms are fulfilled.

Lesen untuk menjalankan kilang berasas kayu akan dikeluarkan dalam tempoh masa tidak melebihi satu (1) bulan dari tarikh siap kilang dibina setelah memenuhi semua syarat-syarat kelulusan.

Licences to operate wood-based industries shall be issued within a period of not more than one (1) month from the completion of mill construction provided all terms of approval are fulfilled.

Keputusan mengenai permohonan melanjutkan tempoh lesen mengeluarkan hasil hutan atau lesen menjalankan kilang berasas kayu akan diberi dalam tempoh tidak melebihi satu (1) bulan dari tarikh permohonan diterima.

Decisions on applications for extention of all licences to take forest produce or to operate wood-based industries shall be made within a period of not more than one (1) month from the date such applications were received.

Menghargai maklumat serta maklum balas yang diterima daripada orang awam. Semua aduan kesalahan hutan akan diambil tindakan dalam masa tidak melebihi tiga (3) hari.

Information and feedback received from the public will be acknowledged. All complaints pertaining to forest offences shall be acted upon within a period of not more than three (3) days.

Memberi perkhidmatan yang sebaik mungkin serta layanan yang mesra setiap masa.
To render the best possible services and courtesy at all times.

PERUTUSAN *Message*

Bismillahir-Rahmannir-Rahim,
Segala puji bagi Allah, Tuhan Semesta Alam,
Selawat dan salam ke atas junjungan mulia Nabi Muhammad SAW.

Praise be to Allah, the Almighty God, Peace and Blessings be upon the most beloved Prophet Muhammad SAW.

Assalamualaikum Warahmatullahi Wabarakatuh dan Salam Sejahtera

Saya ingin memanjatkan rasa setinggi-tinggi kesyukuran ke hadrat Allah SWT kerana kita diberikan kesempatan untuk menyempurnakan segala tanggungjawab dan amanah yang diberikan sepanjang tahun 2020 walaupun seluruh dunia termasuk Malaysia telah dilanda pandemik baharu yang berbahaya iaitu *Coronavirus Disease* (COVID-19). Susulan daripada penularan pandemik COVID-19, kerajaan telah melaksanakan Perintah Kawalan Pergerakan (PKP) bermula pada 18 Mac 2020 dalam usaha untuk mengekang penularan wabak ini di Malaysia. Pelaksanaan PKP ini telah mengubah landskap sosial dan ekonomi penduduk di negara ini. Pelbagai *Standard Operating Procedure* (SOP) telah diperkenalkan oleh kerajaan, termasuklah pengamalan budaya kerja norma baharu bagi Penjawat Awam. Jabatan Perhutanan Semenanjung Malaysia (JPSM) juga telah mengambil langkah untuk menggunakan sepenuhnya budaya kerja norma baharu yang telah berkuatkuasa ini. Dengan mengamalkan norma baharu ini, JPSM terus komited melaksanakan segala perancangan bagi merealisasikan pencapaian misi utama Jabatan dalam mengurus dan membangunkan sumber hutan secara berkekalan serta mengoptimumkan sumbangannya kepada pembangunan sosioekonomi negara.

*I would like to express my deepest gratitude to Allah SWT as we have been given the opportunity to complete all the responsibilities and trust given throughout the year of 2020 even though the whole world including Malaysia has been hit by a dangerous new pandemic called *Coronavirus Disease* (COVID-19). Following the outbreak of COVID-19, the government has implemented the Movement Control Order (MCO) starting on 18th March, 2020 to curb the spread of the disease in Malaysia. The implementation of MCO has changed the social and economic landscape of the people in the country. Various Standard Operating Procedures (SOPs) have been introduced by the government, including the adoption of a new norm work culture for Civil Servants. Forestry Department Peninsular Malaysia (FDPM) has also taken steps to fully adopt the work culture of new norms that have been in force. By adopting this new norm, FDPM remains committed to implementing all plans to realize the achievement of the Department's main mission to sustainably manage and develop the forest resources and optimise their contributions to national socioeconomic development.*

“ Dengan mengamalkan norma baharu ini, JPSM terus komited melaksanakan segala perancangan bagi merealisasikan pencapaian misi utama Jabatan dalam mengurus dan membangunkan sumber hutan secara berkekalan serta mengoptimumkan sumbangannya kepada pembangunan sosioekonomi negara. ”

Ketua Pengarah
Perhutanan Semenanjung Malaysia
*Director-General of
Forestry Peninsular Malaysia*

Di akhir tempoh RMKe-11, sebanyak RM140.3 juta atau 96.4% dari Peruntukan Pembangunan di peringkat Persekutuan telah berjaya dibelanjakan oleh Ibu Pejabat Jabatan Perhutanan Semenanjung Malaysia (IPJPSM) dalam melaksanakan sebanyak tiga (3) program utama pembangunan hutan iaitu (i) Pengurusan Hutan Secara Berkekalan; (ii) Penanaman Pokok Bakau dan Spesies yang Sesuai di Pesisiran Pantai Negara; dan (iii) Pengembangan Maklumat Perhutanan dan IT dan K-Perhutanan (JPSM). Dalam tahun 2020 sahaja, sebanyak RM40.9 juta atau 92.1% daripada Peruntukan Pembangunan di peringkat Persekutuan telah dibelanjakan untuk melaksanakan projek-projek pembangunan hutan tersebut. Tahniah dan syabas saya tujukan kepada semua warga JPSM di atas prestasi pencapaian ini meskipun seluruh dunia umumnya dan Malaysia khususnya telah dilanda pandemik COVID-19. Sudah pasti pelbagai cabaran dan rintangan telah dihadapi oleh segenap masyarakat dan tidak terkecuali kepada semua warga kerja perhutanan. Dalam mendepani cabaran pada masa akan datang, saya berharap agar prestasi ini akan dapat diteruskan dengan lebih baik dalam melaksanakan projek-projek pembangunan hutan di bawah tempoh Rancangan Malaysia Kedua Belas (RMKe-12:2021-2025).

Dalam konteks sektor perhutanan di peringkat global, antara isu semasa yang dilaporkan oleh *The State of The World's Forests* (SOFO) 2020, *Forests Biodiversity and People* yang diterbitkan oleh Food and Agriculture (FAO) menyatakan bahawa penyahhutanan dan degradasi hutan dunia masih terus berlaku pada kadar membimbangkan yang mana memberi sumbangan besar kepada kehilangan biodiversiti hutan. FAO telah mengiktiraf Malaysia sebagai antara 25 negara sedang membangun yang mempunyai litupan hutan yang tinggi dan kegiatan penyahhutanan yang rendah atau *high forest cover and low deforestation activities*. Alhamdulillah, kita bersyukur, hutan kita di Malaysia adalah antara yang terkaya dan tertua di dunia. Hutan kita merupakan aset semula jadi yang amat berharga kepada pembangunan sosioekonomi serta perkhidmatan ekosistem termasuk menjadi habitat kepada ribuan spesies flora dan fauna, menyedia sumber bekalan air yang bersih dan oksigen untuk kelangsungan hidup serta menstabilkan iklim. Berdasarkan kepada Indeks Biodiversiti Negara, Malaysia menjadi perumah kepada 15,000 spesies tumbuhan berbunga (flora), 306 spesies mamalia, 742 spesies burung, 242 spesies amfibia, 567 spesies reptilia, lebih daripada 449 spesies ikan air tawar, lebih daripada 500 spesies ikan laut dan lebih daripada 150,000 spesies invertebrata. Oleh itu, kita perlu meningkatkan usaha dan melaksanakan transformasi dalam memelihara, memulihara dan menguruskan hutan dengan lebih baik dan efektif.

At the end of the 11th MP period, around RM140.3 million or 96.4% of the Development Allocation at Federal level has been successfully spent by the Forestry Department Peninsular Malaysia Headquarters (FDPMHq) in implementing three (3) main programmes of forest development namely (i) Sustainable Forest Management ; (ii) Planting of Mangrove Trees and Suitable Species in the National Coastal Region; and (iii) Expansion of Forestry Information, IT and K-Forestry. In 2020 alone, a total of RM40.9 million or 92.1% of the Federal Development allocation was spent on the forest development projects. Congratulations to all FDPM staff for their achievements despite the worldwide in general and Malaysia in particular being hit by the COVID-19 pandemic. Of course, various challenges and obstacles have been faced by the whole community and not excluded to all forestry personnel. In facing the challenges ahead, I hope that this performance will be further continued in implementing forest development projects under the Twelfth Malaysia Plan (12th MP: 2021-2025).

*In the context of the forestry sector at the global level, among the current issues reported by *The State of The World's Forests* (SOFO) 2020, *Forests Biodiversity and People* published by Food and Agriculture (FAO) states that forestry and degradation of the world's forests continue to occur at alarming rates which contribute greatly to forest biodiversity loss. FAO has recognized Malaysia as one of 25 developing countries that have high forest cover and low deforestation activities. We are grateful, our forest in Malaysia is among the richest and oldest in the world. Forests are a valuable natural asset to socioeconomic development as well as ecosystem services including being a habitat for thousands of species of flora and fauna, providing a source of clean water and oxygen supplies for survival and stabilizing the climate. Based on the National Biodiversity Index, Malaysia is home to 15,000 species of flowering plants (flora), 306 species of mammals, 742 species of birds, 242 species of amphibians, 567 species of reptiles, more than 449 species of freshwater fish, more than 500 species of marine fish and more than 150,000 species of invertebrates. Therefore, we need to increase efforts and implement transformation in maintaining, conserving and managing forests better and effectively.*

Sepanjang tahun 2020, pengurusan hutan yang dilaksanakan di Semenanjung Malaysia dilihat sentiasa menekankan keseimbangan pemeliharaan sumber dan keperluan ekonomi sejajar dengan konsep Pengurusan Hutan Secara Berkekalan (PHSB). Sehingga tahun 2020, JPSM menguruskan hutan di Semenanjung Malaysia seluas 5.7 juta hektar kawasan berhutan dan 4.81 juta hektar kawasan Hutan Simpanan Kekal (HSK) dengan baik mencakupi empat jenis hutan utama dalam HSK iaitu Hutan Darat (4.34 juta hektar), Hutan Paya Gambut (0.25 juta hektar), Hutan Paya Laut (0.09 juta hektar) dan Ladang Hutan (0.12 juta hektar).

Selain itu, JPSM telah berjaya mengekalkan Pensijilan Standard Malaysian Criteria and Indicators for Forest Management Certification (MC&I) bagi lima negeri pengeluar kayu balak di Semenanjung Malaysia iaitu Negeri Sembilan, Pahang, Perak, Selangor dan Terengganu, manakala Johor telah berjaya memperolehi semula pensijilan MC&I yang menjadikan kesemuanya enam buah negeri pengeluar kayu balak yang telah dipersijilkan. Ini membuktikan keberkesaan pengurusan hutan yang diamalkan oleh JPSM di mana pensijilan MC&I ini diiktiraf di peringkat antarabangsa dan menjadi kayu pengukur kepada tahap keberkesaan pelaksanaan amalan Pengurusan Hutan Secara Berkekalan (PHSB).

Secara keseluruhannya, pelbagai program, projek dan aktiviti telah dijayakan dalam tahun 2020 oleh JPSM. Program Penanaman 5 juta pokok yang merupakan kesinambungan pelaksanaan projek dari tahun-tahun sebelumnya telah merekodkan sebanyak 5,235,570 pokok berjaya ditanam di Semenanjung Malaysia melalui beberapa projek yang dilaksanakan antaranya Projek Penanaman Pokok Bakau dan Spesies Yang Sesuai di Pesisiran Pantai Negara, Projek Central Forest Spine (CFS) dan Projek Restorasi, Tebus Guna dan Pemulihan Kawasan Hutan Terosot di Semenanjung Malaysia. Pencapaian membanggakan ini dilihat melebihi sasaran tahunan JPSM bagi pelaksanaan program ini. Bagi Projek CFS pula, projek ini telah menjangkau tempoh hampir sepuluh (10) tahun bermula pada tahun 2011 sehingga kini dan akan memasuki Rancangan Malaysia Kedua Belas (RMKe12). Sepanjang tempoh tersebut, usaha kolektif di kalangan semua pihak yang terlibat disatukan dengan sebaiknya supaya CFS dapat menjadi medium kepada pengurusan dan pemeliharaan khazanah hutan negara. Agensi dan jabatan-jabatan teknikal memainkan peranan secara aktif dan menterjemahkan input-input teknikal untuk pelaksanaan secara berkesan. Kesinambungan pembangunan koridor ekologi CFS di Semenanjung Malaysia dalam RMKe11 dilaksanakan dengan penumpuan kepada 11 koridor meliputi lapan (8)

Throughout 2020, forest management implemented in Peninsular Malaysia has always stressed the balance of resource preservation and economic needs in line with the concept of Sustainable Forest Management (SFM). As of 2020, FDPM manages 5.7 million hectares forests areas in Peninsular Malaysia and 4.81 million hectares of Permanent Reserved Forest (PRF), with four main forests in PRF namely Inland Forest (4.34 million hectares), Peat Swamp Forest (0.25 million hectares), Mangrove Forest (0.09 million hectares) and Plantation Forest (0.12 million hectares).

In addition, FDPM has successfully maintained the Standard Malaysian Criteria and Indicators for Forest Management Certification (MC&I) for five timber producer states in Peninsular Malaysia namely Negeri Sembilan, Pahang, Perak, Selangor and Terengganu, while Johor has successfully regained MC&I certification which makes all six timber producing states certified. This proves that the effectiveness of forest management practiced by FDPM where MC&I certification is recognized internationally and serves as a bench mark to the effectiveness of the implementation of Sustainable Forest Management (SFM) practices.

In total, various programmes, projects and activities were successfully implemented in 2020 by FDPM. The 5 million trees planting programme which is a continuation of the project implementation from previous years has recorded 5,235,570 trees successfully planted in Peninsular Malaysia through several projects implemented such as Mangrove Tree Planting and Suitable Species Project in the National Coastal Area, Central Forest Spine Project (CFS) and Restoration, Reclamation and Rehabilitation Project of Degraded Forest Area in Peninsular Malaysia. This commendable achievement is seen to exceed the annual target of FDPM for the implementation of this program. As for the CFS Project, the project has spanned almost ten (10) years from 2011 until now and will enter the Twelfth Malaysia Plan (12th MP). Through this period, collective efforts among all parties involved were properly consolidated so that CFS can be a medium for the management and preservation of the nation's forest treasures. Agencies and technical departments actively play and translate technical inputs for effective implementation. The continuation of the development of CFS corridor ecology in Peninsular Malaysia in 11th MP was implemented with focusing on the 11 corridor covering eight (8) states. The activities planned, translated either through field work or through the strategies and initiatives outlined in the CFS 2010 Master

buah negeri. Aktiviti-aktiviti yang telah dirancang, diterjemahkan sama ada melalui kerja-kerja di lapangan atau melalui strategi dan inisiatif yang telah digariskan di dalam Pelan Induk CFS 2010 bagi memperkuuhkan pelaksanaan CFS supaya kepelbagaiannya biologi dan kawasan berhutan negara akan terus terpelihara.

Bagi mempertingkatkan lagi pencapaian pembangunan sektor perhutanan di Semenanjung Malaysia di tahun-tahun hadapan, adalah diharapkan penggunaan model aplikasi berteraskan teknologi maklumat dan komunikasi (ICT) terus digalakkan dan dipertingkatkan. Dalam hal ini, JPSM telah memulakan inisiatif melaksanakan Projek Pendigitalan Sumber dan Operasi Hutan (PSOH) di Semenanjung Malaysia dengan jumlah peruntukan sebanyak RM28,059,237 di bawah peruntukan Akaun Amanah Projek Pengurusan Hutan Secara Berkekalan (A-PHSB) JPSM. Projek yang akan dijalankan selama tiga tahun ini dijangkakan akan mewujudkan pentadbiran dan pengurusan kerja yang lebih bersistematis dan penyimpanan data secara berpusat serta tahap keselamatan maklumat dan rangkaian ICT dapat ditingkatkan dengan memenuhi piawaian standard ICT. Selain itu, melalui projek yang akan dilaksanakan dengan dua (2) skop utama iaitu naik taraf perkakasan dan infrastruktur ICT dan pemerkasaan GIS serta pembangunan dan pemerkasaan ke atas Sistem Operasi Perhutanan ini, dapat membantu penguatkuasaan yang lebih berkesan, penghasilan analisa dibuat dengan lebih mudah, tepat, cepat dan sistem pemantauan maklumat geospatial yang seragam di seluruh Semenanjung Malaysia. Saya percaya, digitalisasi dalam budaya kerja pada masa sekarang amatlah penting dan selari dengan Revolusi Industri 4.0.

Bidang penguatkuasaan hutan juga merupakan nadi utama JPSM. JPSM terus melangkah dalam memperkuuhkan dan memperkasa bidang penguatkuasaan hutan di peringkat nasional dengan melaksanakan pelbagai inisiatif dan pendekatan bagi memastikan kawasan Hutan Simpanan Kekal (HSK) dikawal selia dan diurus dengan sebaiknya. Antaranya adalah JPSM telah disenaraikan sebagai antara 19 agensi Penguatkuasaan di Malaysia yang terlibat melaksanakan Operasi Benteng bagi Komponen Darat di bawah pasukan National Task Force (NTF), Angkatan Tentera Malaysia (ATM). Dengan penglibatan JPSM dalam Ops Benteng tersebut, dapat dilihat JPSM berperanan besar dalam memastikan keselamatan HSK yang bersempadan dengan negara-negara jiran. Penglibatan JPSM dalam operasi yang dilaksanakan bersama agensi penguatkuasaan yang lain terus diperkasa antaranya penglibatan dalam Operasi Bersepada

Plan to strengthen the CFS implementation so that biodiversity and forested areas of the country will be preserved.

To further enhance the development achievements of the forestry sector in Peninsular Malaysia in the years ahead, it is hoped that the application model based on Information and Communication Technology (ICT) will continue to be encouraged and enhanced. In this regard, FDPM has initiated the initiative to implement the Resource Digitalisation and Forest Operation Project (PSOH) in Peninsular Malaysia with a total allocation of RM28,059,237 under the provision of The Trust Account for Sustainable Forest Management Project (A-SFM) of FDPM. The project which will be carried out over the next three years is expected to create a more systematic administration and management of work and centralised data storage as well as enhanced levels of information security and ICT networks by meeting ICT standards. In addition, through projects to be implemented with two (2) main scopes namely the upgrading of ICT hardware and infrastructure and GIS empowerment as well as the development and empowerment of the Forestry Operations System, can assist in more effective enforcement, the analysis can be implemented easily, faster and standardize geospatial information monitoring system in Peninsular Malaysia. I believe that digitalisation in today's work culture is very important and in line with The Industrial Revolution 4.0.

Forest enforcement is also the main thrust of FDPM. FDPM continues to step in strengthening and empowering the forest enforcement at the national level by implementing initiatives and approaches to ensure that the Permanent Reserved Forest (PRF) area is properly regulated and managed. Among them are FDPM listed as among the 19 Enforcement agencies in Malaysia involved in implementing Benteng Operation for Land Component under the National Task Force (NTF), Malaysian Armed Forces (ATM). With the involvement of FDPM in Ops Benteng, it can be seen that FDPM plays a big role in ensuring the security of PRF which borders the neighbouring countries. The involvement of FDPM in operations carried out with other enforcement agencies is further strengthened including involvement in Khazanah Integrated Operations (KIO), an initiative under the Ministry of Home Affairs (MOHA) through the Royal Malaysian Police (PDRM) in collaboration

Khazanah (OBK) yang merupakan satu inisiatif di bawah Kementerian Dalam Negeri (KDN) melalui Polis Diraja Malaysia (PDRM) dengan kerjasama Kementerian Tenaga dan Sumber Ali (KeTSA), Jabatan Perlindungan Hidupan Liar dan Taman Negara (PERHILITAN), Jabatan Perhutanan Negeri (JPN), Perbadanan Taman Negeri Perak (PTNP), Perbadanan Taman Negara Johor (PTNJ), pelbagai agensi kerajaan persekutuan dan negeri serta badan bukan kerajaan (NGO). Operasi Bersepadu Khazanah (OBK) ini bertujuan untuk meningkatkan keberkesanan dalam aspek penguatkuasaan bagi membanteras sebarang bentuk jenayah alam sekitar yang meliputi pencerobohan dan pemburuan haram yang melibatkan hasil hutan dan hidupan liar di seluruh Semenanjung Malaysia. Selain itu, JPSM juga telah menaiktaraf pusat pemantauan sumber hutan atau ‘war room’ yang dilengkapi dengan pelbagai teknologi terkini dalam memastikan pemantauan hutan dapat dilaksanakan dengan lebih cepat dan cekap.

Tahun 2020 juga memperlihatkan pelbagai program telah dilaksanakan oleh JPSM antaranya adalah Sambutan Hari Konservasi Ekosistem Hutan Paya Laut Antarabangsa yang telah dilaksanakan pada 26 Julai 2020 di Pusat Eko Pelajaran Larut Matang, Perak yang telah dirasmikan oleh Yang Berhormat Dato’ Dr. Shamsul Anuar bin Hj. Nasarah, Menteri Tenaga dan Sumber Asli. Selain itu, JPSM juga telah mengadakan Seminar Ekspedisi Saintifik Kepelbagai Biologi Hutan, Gunung Telapak Buruk, Hutan Simpan Berembun, Negeri Sembilan pada 13 hingga 15 Mac 2020. Pelaksanaan program-program seumpama ini amat penting dalam menerapkan sifat kecintaan dan peka terhadap sumber hutan di negara ini dan dapat merekodkan penemuan-penemuan spesies-spesies baru di temui.

Program Malim Gunung Perhutanan (MGP) dengan kerjasama Jabatan Bomba dan Penyelamat Malaysia (JBPM) telah bergerak secara aktif oleh JPSM. Program MGP merupakan program yang julung kalinya dilaksanakan oleh JPSM dengan melibatkan individu atau pihak yang mempunyai kelayakan dan berpengalaman sebagai Malim Gunung. Selain itu, ianya juga dapat membantu JPSM dalam menguruskan kawasan pendakian dengan lebih baik serta pentadbiran aktiviti pendakian dalam HSK akan lebih seragam dan teratur secara tidak langsung merancakkan pelancongan kembaraan di Semenanjung Malaysia.

JPSM juga meneruskan pembabitan secara aktif dan progresif di dalam pelbagai forum di peringkat serantau dan antarabangsa di sepanjang tahun 2020. Pandemik COVID-19 telah mewujudkan perubahan drastik di dalam era digitalisasi serta

with the Ministry of Energy and Natural Resources (KeTSA), Department of Wildlife and National Parks (PERHILITAN), State Forestry Department (SFD), Perak State Parks Corporation (PSPD), Johor National Parks Corporation (JNPC), various federal and state government agencies as well as non-governmental organizations (NGOs). Khazanah Integrated Operations (KIO) aims to enhance enforcement efforts to curb any form of environmental crimes that include illegal encroachment and hunting involving forest products and wildlife throughout Peninsular Malaysia. Besides that, FDPM has also upgraded a monitoring centre for forest resources or war room equipped with various latest technology to ensure that forest monitoring can be carried out faster and efficiently.

The year 2020 also showed that various programmes have been implemented by FDPM, which is The National Celebration of International Day for the Conservation of the Mangrove Ecosystem which was implemented on 26th July 2020 at the Eco Education Centre Larut Matang, Perak which was officiated by the Honourable Dato’ Dr. Shamsul Anuar bin Hj. Nasarah, Minister of Energy and Natural Resources. In addition, FDPM also organised a Seminar on Forest Biodiversity Scientific Expedition, Gunung Telapak Buruk, Berembun Forest Reserve, Negeri Sembilan from 13th to 15th March 2020. The implementation of such programmes is very important in instilling the love and awareness of forest resources in the country and being able to record the findings of new species discovered.

The Forestry Malim Gunung Programme (MGP) in collaboration with the Fire and Rescue Department of Malaysia (JBPM) has been actively carried out by FDPM. The MGP programme is the first programme to be implemented by FDPM involving individuals or parties with qualifications and experience as Malim Gunung. Besides that, it will also help FDPM in managing the climbing area better as well as the administration of the climbing activities in PRF will be more standardize and organize indirectly to boost tourism in Peninsular Malaysia.

FDPM also continues to actively and progressively participate in various forums at regional and international levels throughout the year of 2020. The COVID-19 pandemic has created drastic changes in the era of digitalisation and new norms of life that need

norma kehidupan baharu yang perlu diadaptasi dan diamalkan oleh seluruh masyarakat dunia dan tidak terkecuali rakyat Malaysia. Budaya kerja digital ini telah dilaksanakan termasuklah mengadakan forum-forum secara maya. Antara forum berkaitan perhutanan yang disertai oleh JPSM adalah *The 25th Session of the Committee on Forestry (COFO25)* dan *The 7th World Forest Week (WFW7)*, *The 23rd Meeting of the ASEAN Senior Officials on Forestry (23rd ASOF)*, *Special Meeting of the APFNet Council 2020*, *Special Virtual Sessions for SBSTTA 24 and SBI 3 on Biodiversity of CBD and One Health and COVID-19*. Bukan itu sahaja, JPSM juga melaksanakan projek-projek yang dibiayai oleh dana antarabangsa iaitu Projek *Improving Connectivity of Central Forest Spine (IC-CFS)* dengan dana peruntukan daripada *Global Environment Facility (GEF)* melalui *United Nations Development Programme (UNDP)*. Projek ini diterajui oleh Kementerian Tenaga dan Sumber Asli (KeTSA) dengan usaha sama tiga agensi pelaksana utama iaitu JPSM, Jabatan Perlindungan Hidupan Liar dan Taman Negara Semenanjung Malaysia (PERHILITAN) dan Institut Penyelidikan Perhutanan Malaysia (FRIM).

Selain itu, tahun 2020 juga menyaksikan satu perjanjian kewangan telah dimeterai antara kerajaan Malaysia dan *The International Fund for Agricultural Development (IFAD)* yang telah ditandatangani pada 17 Disember 2020 bagi melaksanakan Projek *Sustainable Management of Peatland Ecosystems in Malaysia (SMPEM)* dengan jumlah peruntukan sebanyak RM39,618,717.60. IFAD merupakan satu institusi kewangan antarabangsa dan agensi khusus Pertubuhan Bangsa-Bangsa Bersatu (PBB) yang berdedikasi untuk membasmi kemiskinan dan isu kebuluran di kawasan-kawasan luar bandar di negara-negara membangun.

Komitmen kerajaan Malaysia bagi mengekalkan 50 peratus kawasan berhutan pada Sidang Kemuncak Bumi 1992 di Rio de Janeiro, Brazil juga adalah menjadi komitmen JPSM. Oleh yang demikian bagi memastikan khazanah ini masih terpelihara, Projek Inventori Hutan Nasional (IHN) bermula pertama kali pada tahun 1970 dan dilaksanakan setiap sepuluh (10) tahun sekali kini masih diteruskan. Tujuan utama IHN ini adalah untuk pengumpulan data kuantitatif dan kualitatif bagi tujuan pengemaskinian maklumat sumber hutan di Semenanjung Malaysia untuk tujuan perancangan, pengurusan, pembangunan dan pemeliharaan sumber hutan negara. Pada tahun 2020, bermulalah pelaksanaan IHN keenam (IHN6) yang dijalankan di lapangan oleh warga kerja dari IPJPSM dan JPN dan ianya memerlukan usaha dan komitmen yang tinggi dari semua pihak dalam memastikan maklumat yang tepat mengenai sumber

to be adapted and practiced by the whole world and including Malaysians. This digital work culture has been implemented including holding virtual forums. Among the forestry-related forums participated by FDPM were the 25th Session of the Committee on Forestry (COFO25) and The 7th World Forest Week (WFW7), The 23rd Meeting of the ASEAN Senior Officials on Forestry (23rd ASOF), Special Meeting of the APFNet Council 2020, Special Virtual Sessions for SBSTTA 24 and SBI 3 on Biodiversity of CBD and One Health and COVID-19. Not only that, FDPM also implements projects funded by international funds namely the Improving Connectivity of Central Forest Spine (IC-CFS) Project with funding from the Global Environment Facility (GEF) through the United Nations Development Programme (UNDP). The project is spearheaded by the Ministry of Energy and Natural Resources (KeTSA) in collaboration with three main implementing agencies namely FDPM, Department of Wildlife and National Parks Peninsular Malaysia (PERHILITAN) and Forest Research Institute Malaysia (FRIM).

In addition, 2020 also witnessed financial agreement signed between the Malaysian government and The International Fund for Agricultural Development (IFAD) signed on 17th December 2020 to implement the Sustainable Management of Peatland Ecosystems in Malaysia (SMPEM) Project with a total allocation of RM39,618,717.60. IFAD is an international financial institution and a United Nations specialised agency dedicated to eradicating poverty and famine in rural areas in developing countries.

The Malaysian government's commitment to maintain 50 percent of forested areas at the 1992 Earth Summit in Rio de Janeiro, Brazil was also a commitment of FDPM. Thus, to ensure that the treasures are preserved, the National Forest Inventory Project (NFI) started for the first time in 1970 and is implemented every ten (10) years. The main purpose of NFI is to collect quantitative and qualitative data for the purpose of updating forest resource information in Peninsular Malaysia for the purpose of planning, management, development and preservation of the country's forest resources. In 2020, Sixth NFI (NFI-6) implementation was carried out in the field by staff from FDPMHQ and SFD and it required high effort and commitment from all parties in ensuring accurate information on forest resources obtained. Hopefully, the implementation of this inventory which will continue with its implementation from 2021 to 2022 will achieve

hutan yang diperolehi. Semoga pelaksanaan inventori ini yang akan diteruskan pelaksanaannya pada 2021 hingga 2022 dapat mencapai matlamatnya dengan usaha dan komitmen yang jitu dari semua pihak.

Sebagai menutup tirai tahun 2020, izinkan saya mengambil kesempatan ini untuk merakamkan ucapan terima kasih dan tahniah di atas kecemerlangan yang dicapai oleh JPSM sepanjang tahun 2020. Dalam hubungan ini, sukalah saya merakamkan sekalung penghargaan kepada semua warga kerja JPSM yang telah memberikan sumbangan dan komitmen tinggi yang berterusan dalam usaha Jabatan mencapai kecemerlangan tersebut sepanjang tahun 2020. Semoga kejayaan yang dikecapi pada tahun 2020 ini akan dijadikan sebagai pemangkin dan pembakar semangat kepada semua warga kerja perhutanan JPSM untuk terus komited dan proaktif dalam menjadikan JPSM sebagai satu-satunya Agensi Terunggul Dalam Pengurusan Hutan Tropika Secara Berkekalan.

Akhir kata, setinggi-tinggi penghargaan diucapkan kepada semua pihak yang terlibat secara langsung dan tidak langsung dalam memastikan Laporan Tahunan JPSM 2020 berjaya diterbitkan. Semoga Laporan Tahunan JPSM 2020 ini dapat dimanfaatkan sebaik-baiknya oleh pelbagai pihak. Ucapan penghargaan juga ditujukan kepada Ahli Jawatankuasa Editorial Laporan Tahunan 2020 dan semua warga kerja yang terlibat di atas segala usaha menerbitkan Laporan Tahunan 2020 ini.

Semoga Allah SWT sentiasa memberkati dan merahmati ke atas segala usaha anda.

Sekian, terima kasih.

Thank you.

Wassallammualaikum warahmatullahi wabarakatuh.

(DATO) MOHD RIDZA BIN AWANG

Ketua Pengarah Perhutanan Semenanjung Malaysia
Director-General of Forestry Peninsular Malaysia

its goals with strong efforts and commitment from all parties.

As the closing of the year 2020, let me take this opportunity to express my gratitude and congratulations on the excellence achieved by FDPM throughout the year 2020. In this regard, I would like to express my appreciation to all employees of FDPM for their continuous contribution and commitment in the Department's efforts in achieving such excellence throughout the year 2020. Hopefully, the success achieved in 2020 will serve as a catalyst and motivator for all forestry personnel to remain committed and proactive in making FDPM the only Agency of Excellence in the Sustainable Management of Tropical Forests.

Last but not least, my deepest appreciation to all parties involved directly and indirectly in ensuring the successful publication of the Annual Report of FDPM 2020. May the FDPM 2020 Annual Report be best utilized by various parties. My appreciation is also extended to the Editorial Committee Members of the 2020 Annual Report and all employees involved in all efforts to publish this 2020 Annual Report.

May Allah SWT always bless and have mercy for all your efforts.

FUNGSI DIREKTORAT

Functions of the Directorate

Ahli direktorat terdiri daripada Ketua Pengarah Perhutanan Semenanjung Malaysia dan dibantu oleh dua (2) orang Timbalan Ketua Pengarah. Direktorat bertanggungjawab dalam penggubalan dan pelaksanaan dasar-dasar, strategi-strategi dan objektif-objektif Jabatan serta menyelaras kerja-kerja pentadbiran, pengurusan, pembangunan dan pemeliharaan sumber hutan selaras dengan keperluan negara.

The Directorate comprises the Director-General of Forestry Peninsular Malaysia and assisted by two (2) Deputy Director-Generals. They are responsible for the formulation and implementation of policies, strategies and objectives of the Department, as well as in coordinating the administration, management, development and conservation of the forest resources to meet the needs of the country.

ORGANISATION CHART

DIRECTOR-GENERAL OF FORESTRY PENINSULAR MALAYSIA

ORGANISASI ORGANISATION

Jabatan Perhutanan Semenanjung Malaysia (JPSM) adalah salah satu jabatan di bawah Kementerian Tenaga dan Sumber Asli Malaysia dan terdiri daripada Ibu Pejabat Jabatan Perhutanan Semenanjung Malaysia, 12 Jabatan Perhutanan Negeri dan 36 Pejabat Hutan Daerah di seluruh Semenanjung Malaysia. Jabatan ini diketuai oleh Ketua Pengarah Perhutanan dan dibantu oleh dua (2) Timbalan Ketua Pengarah Perhutanan. Pada akhir tahun 2020, bilangan tenaga kerja adalah seramai 4,522 orang.

The Forestry Department Peninsular Malaysia (FDPM) is one of the departments under the Ministry of Energy and Natural Resources Malaysia and comprises the Forestry Department Peninsular Malaysia Headquarters, 12 State Forestry Departments and 36 District Forest Offices located throughout the peninsula. The Department is headed by the Director-General of Forestry and assisted by two (2) Deputy Director-Generals. At the end of 2020, the total workforce is 4,522.

ORGANISASI JABATAN PERHUTANAN SEmenanjung MALAYSIA

Organisation of Forestry Department Peninsular Malaysia

FUNGSI-FUNGSI JABATAN FUNCTIONS OF THE DEPARTMENT

Jabatan Perhutanan Semenanjung Malaysia bertanggungjawab kepada pengurusan, perancangan, perlindungan dan pembangunan kawasan Hutan Simpanan Kekal (HSK) selaras dengan Dasar Perhutanan Negara (DPN) 1992 dan Akta Perhutanan Negara (APN) 1984.

The Forestry Department Peninsular Malaysia is responsible for the management, planning, protection and development of the Permanent Reserved Forests (PRFs) in accordance with the National Forestry Policy (NFP) 1992 and the National Forestry Act (NFA) 1984.

IBU PEJABAT JABATAN PERHUTANAN SEmenanjung MALAYSIA

Forestry Department Peninsular Malaysia Headquarters

Ibu Pejabat Jabatan Perhutanan Semenanjung Malaysia bertanggungjawab untuk menggubal dasar-dasar perhutanan, memberi nasihat dan khidmat teknikal kepada Jabatan Perhutanan Negeri dalam aspek perancangan, pengurusan dan pembangunan hutan, pengusahaan hutan dan industri berasas kayu, kajian operasi hutan serta latihan dan pembangunan sumber manusia.

The Forestry Department Peninsular Malaysia Headquarters is responsible for the formulation of forestry policies, providing technical advice and assistance to the State Forestry Departments with regard to forest planning, management and development, forest harvesting and wood-based industries, forest operational studies as well as training and human resource development.

Terdapat dua (2) Timbalan Ketua Pengarah Perhutanan di Ibu Pejabat Jabatan Perhutanan Semenanjung Malaysia iaitu Timbalan Ketua Pengarah Perhutanan (Dasar dan Perancangan) dan Timbalan Ketua Pengarah Perhutanan (Operasi dan Teknikal) masing-masing bertanggungjawab terhadap enam (6) bahagian di bawah dua sektor yang berlainan. Selain itu, terdapat dua (2) Unit dan satu (1) Bahagian lain yang bertanggungjawab secara langsung kepada Ketua Pengarah Perhutanan.

There are two (2) Deputy Director-Generals at Forestry Department Peninsular Malaysia Headquarters namely the Deputy Director-General of Forestry (Policy and Planning) and Deputy Director-General of Forestry (Operations and Technical), each responsible for six (6) divisions respectively. In addition, two (2) Units and another Division are directly accountable to the Director-General of Forestry.

Sektor Dasar dan Perancangan *Policy and Planning Sector*

Timbalan Ketua Pengarah Perhutanan (Dasar dan Perancangan) bertanggungjawab ke atas perancangan dan ekonomi hutan, pengurusan sumber hutan, silvikultur hutan, pemeliharaan biologi hutan, pembangunan *forest eco-park* dan hutan taman negeri, hal ehwal perhutanan antarabangsa, pembangunan ladang hutan dan perlindungan hutan.

The Deputy Director-General of Forestry (Policy and Planning) is responsible for forest planning and economics, forest resource management, forest silviculture, forest biological conservation, forest eco-park and state forest park development, international forestry affairs as well as forest plantation development and protection.

Sektor Operasi dan Teknikal *Operations and Technical Sector*

Timbalan Ketua Pengarah Perhutanan (Operasi dan Teknikal) bertanggungjawab dalam urusan-urusan pentadbiran dan kewangan, kejuruteraan hutan, teknikal dan industri kayu, penguatkuasaan hutan, latihan perhutanan dan pembangunan modal insan serta pembangunan sistem teknologi maklumat.

The Deputy Director-General of Forestry (Operations and Technical) is responsible for administration and finance, forest engineering, technical and wood industry, forest enforcement, forestry training and human resource empowerment as well as information technology systems development.

JABATAN PERHUTANAN NEGERI

State Forestry Department

Jabatan Perhutanan Negeri bertanggungjawab dalam pengurusan dan pembangunan sumber hutan, pengusahaan hutan, kutipan hasil hutan dan pembangunan industri berasas kayu di negeri. Jabatan Perhutanan Negeri dibahagikan kepada Bahagian Operasi Hutan dan Pembangunan Hutan serta disokong oleh Pejabat Hutan Daerah/Jajahan.

The State Forestry Department is responsible in the management and development of forest resources, forest harvesting, forest revenue collection and the development of wood-based industries in state. The State Forestry Department is divided into Forest Operations and Forest Development Divisions and supported by District Forest Offices.

Bahagian Operasi Hutan bertanggungjawab terhadap pentadbiran, penguatkuasaan undang-undang hutan, kutipan hasil hutan di samping penyelaras hubungan dengan Ibu Pejabat Jabatan Perhutanan Semenanjung Malaysia, lain-lain jabatan/agensi dan badan-badan berkanun.

Forest Operations Division responsible for administration, forest law enforcement, forest revenue collection as well as to coordinate and maintain liaison with the Forestry Department Peninsular Malaysia Headquarters, other departments/agencies and statutory bodies.

PERUNTUKAN PERLEMBAGAAN, DASAR DAN UNDANG-UNDANG

Constitutional Provisions, Policy and Legislations

Fasal (2) Perkara 74(2) Perlembagaan Persekutuan dibaca bersama Senarai II dalam Jadual Kesembilan Perlembagaan Persekutuan memperuntukkan hutan adalah di bawah bidang kuasa negeri. Di bawah peruntukan ini, Badan Perundangan sesebuah Negeri boleh membuat dan menerima pakai sesuatu undang-undang dan peraturan bagi mentadbir dan menguruskan hal-hal perhutanan di dalam negeri berkenaan. Kerajaan Persekutuan hanya memberi nasihat dan bantuan teknikal kepada negeri, penyelenggaraan stesen-stesen percubaan dan demonstrasi, latihan dan penyelidikan.

Clause (2) of Article 74 of Federal Constitution related with List II in the Ninth Schedule of Federal Constitution provides that forest is under the jurisdiction of the state. Under this provision, the Legislature of a State may make laws and regulations for the administration and management of forestry matters in the state. Federal Government only provides advice and technical assistance to the states, maintenance of trial and demonstration stations, training and research.

Berdasarkan kepada Fasal (5) Perkara 91 Perlembagaan Persekutuan, fungsi Majlis Tanah Negara (MTN) untuk membentuk, dari semasa ke semasa, suatu dasar Negara untuk memajukan dan mengawal penggunaan tanah di seluruh Persekutuan bagi perlombongan, pertanian, perhutanan atau apa-apa maksud lain, dan untuk mentadbir mana-mana undang-undang yang berhubungan dengannya dan Kerajaan-kerajaan Persekutuan dan Negeri hendaklah mengikuti dasar yang dibentuk sedemikian.

According to Clause (5) Article 91 of Federal Constitution, the functions of the National Land Council (NLC) are to formulate from time to time, a national policy for the promotion and control of the utilisation of land throughout the Federation for mining, agriculture, forestry or any other purpose, and for the administration of any laws relating there to; and the Federal and State Governments shall follow the policy so formulated.

**PERUNTUKAN
PERLEMBAGAAN
*CONSTITUTIONAL
PROVISIONS***

Pada tahun 1977, Dasar Perhutanan Negara (DPN) telah diluluskan oleh Majlis Perhutanan Negara (MPN) dan kemudian disahkan oleh Majlis Tanah Negara (MTN) pada 19 April 1978. Dasar tersebut telah dikaji semula pada 10 November 1992 atas kesedaran yang ditunjukkan oleh masyarakat dunia terhadap kepentingan pemeliharaan kepelbagaiannya biologi dan penggunaan sumber genetik secara berkekalan serta peranan masyarakat dalam pembangunan perhutanan. Penerimaan dasar tersebut merupakan suatu kejayaan dalam memperkuatkan asas perlombagaan dan mengeratkan kerjasama dan persefahaman di antara Kerajaan Persekutuan dan Kerajaan Negeri dalam pembangunan sektor perhutanan.

In 1977, the National Forestry Policy (NFP) was approved by the National Forestry Council (NFC) and later endorsed by the NLC on 19 April 1978. This Policy was revised on 10 November 1992 to take cognizance of the concern expressed by the world community on the importance of biological diversity conservation and the sustainable utilization of genetic resources, as well as the role of local communities in forest development. The acceptance of the Policy is a major breakthrough in strengthening the institutional base and enhances the cooperation and understanding between the Federal and State Governments in the field of forestry sector development.

Antara Dasar-dasar lain yang berkaitan dengan JPSM:
Among other policies related to FDPM:

Dasar Pertanian Negara Ke-3

(1998-2010)

*Third National Agricultural Policy
(1998-2010)*

Pelan Induk Perindustrian Ke-2 (1996-2005)

Second Industrial Master Plan (1996-2005)

National Policy on the Environment

**DASAR DAN
PERUNDANGAN**
***POLICY AND
LEGISLATIONS***

Selain daripada Akta Perhutanan Negara 1984 (Pindaan 1993) dan Akta Industri Berasas Kayu 1984 terdapat juga undang-undang lain yang penting dan ada kaitan dengan sektor perhutanan:

Kanun Tanah Negara 1965 [Akta 56/1965]	Akta Pendaftaran Perniagaan 1956 [Akta 197]	Akta Kerajaan Tempatan 1976 [Akta 171]	Akta Pemuliharaan Hidupan Liar 2010 [Akta 716]
Akta Keterangan 1950 [Akta 56]	Akta Pemuliharaan Tanah 1960 [Akta 385]	Akta Perancangan Bandar dan Desa 1976 Akta 172]	Akta Jalan, Parit dan Bangunan 1974 [Akta 133]
Kanun Prosedur Jenayah 1999 [Akta 593]	Akta Syarikat 2016 [Akta 777]	Akta Taman Negara 1980 [Akta 226]	Akta Perkongsian 1961 [Akta 135]
Akta Prosedur Kewangan 1957 [Akta 61]	Akta Kilang dan Jentera 1967 [Akta 139]	Akta Institut Penyelidikan Perhutanan Malaysia 2016 [Akta 782]	Kanun Keseksaan 1948 [Akta 574]
Akta Bekalan Elektrik 1990 [Akta 447]	Akta Lembaga Perindustrian Kayu Malaysia [Pemerbadanan] 1973 [Akta 105]	Akta Biokeselamatan 2007 [Akta 678]	Akta Pembangunan Mineral 1994 [Akta 525]
Akta Orang Asli 1954 [Akta 134]	Akta Kualiti Alam Sekeliling 1974 [Akta 127]	Akta Perdagangan Antarabangsa Mengenai Spesies Terancam 2008 [Akta 686]	Akta Keselamatan dan Kesihatan Pekerjaan 1994 [Akta 514]
Enakmen Perlombongan 1929		Enakmen Bekalan Air 1935	

Apart from National Forestry Act 1984 (Amendment 1993) and Wood-Based Industries Act 1984, these are other related legislation which are considered of major importance to the forestry sector:

<i>National Land Code 1965 [Act 56/1965]</i>	<i>Registration of Business Act 1956 [Act 197]</i>	<i>Local Government Act 1976 [Act 171]</i>	<i>Wildlife Conservation Act 2010 [Akta 716]</i>
<i>Evidence Act 1950 [Act 56]</i>	<i>Land Conservation Act 1960 [Act 385]</i>	<i>Town and Country Planning Act 1976 [Act 172]</i>	<i>Street, Drainage and Building Act 1974 [Act 133]</i>
<i>Criminal Procedure Code 1999 [Act 593]</i>	<i>Companies Act 2016 [Act 777]</i>	<i>National Parks Act 1980 [Act 226)</i>	<i>Partnership Act 1961 [Act 135]</i>
<i>Financial Procedure Act 1957 [Akta 61]</i>	<i>Factories and Machinery Act 1967 [Act 139]</i>	<i>Forest Research Institute of Malaysia Act 2016 [Act 782]</i>	<i>Penal Code 1948 [Act 574]</i>
<i>Electricity Supply Act 1990 [Act 447]</i>	<i>Malaysian Timber Industry Board [Incorporation] Act 1973 [Act 105]</i>	<i>Biosafety Act 2007 [Act 678]</i>	<i>Mineral Development Act 1994 [Act 525]</i>
<i>Aboriginal Act 1954 [Act 447]</i>	<i>Environment Quality Act 1974 [Act 127]</i>	<i>International Trade in Endangered Species Act 2008 [Act 686]</i>	<i>Occupational Safety and Health Act 1994 [Act 514]</i>
<i>Mining Enactment 1929</i>		<i>Water Supply Enactment 1935</i>

Sumber Hutan *Forest Resources*

Kawasan HSK diuruskan di bawah prinsip pengurusan hutan secara berkekalan untuk kepentingan ekonomi, sosial dan alam sekitar.

These PRFs are managed under the sustainable forest management principles practices for economic, social and environmental benefits.

13.22 juta hektar / *million hectares*

Keluasan negeri Semenanjung Malaysia

Peninsular Malaysia's total land area

5.69 juta hektar / *million hectares*

Kawasan berhutan Semenanjung Malaysia

Forested land in Peninsular Malaysia

43.06%

Kawasan berhutan
Forested area

4.81 juta hektar / *million hectares*

Kawasan berhutan yang telah diwartakan sebagai Hutan Simpanan Kekal (HSK) di bawah Akta Perhutanan Negara, 1984

Forested area have been gazetted as Permanent Reserved Forest (PRFs) under the National Forestry Act, 1984

Pengurusan Sumber Hutan

Forest Resources Management

Sumber hutan asli di dalam HSK yang terdiri daripada **hutan darat**, **hutan paya gambut** dan **hutan paya laut** telah diuruskan secara sistematis selama 119 tahun semenjak 1901.

Natural forest resources especially those found within the PRFs areas which includes inland forest, peat swamp forest and mangrove forest have been managed systematically for the last 119 years since the year 1901.

Pensijilan Pengurusan Hutan

Forest Management Certification

Satu aktiviti yang penting di peringkat antarabangsa, khususnya dalam perdagangan produk kayu-kayan.
An important activity at the international level, especially in the trade of timber products.

Satu pengiktirafan sepenuhnya pematuhan kepada amalan Pengurusan Hutan Secara Berkekalan (PHSB) di dalam Kawasan HSK di negeri-negeri Semenanjung Malaysia yang diuruskan untuk tujuan pengeluaran kayu-kayan.

In recognition of the full adherence to Sustainable Forest Management (SFM) practices in PRFs in the states of Peninsular Malaysia being managed for timber production.

STANDARD MC&I (HUTAN ASLI)

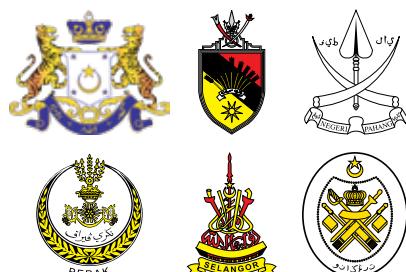

Kriteria dan Petunjuk Malaysia bagi Pensijilan Pengurusan Hutan (Hutan Asli) [atau singkatannya MC&I (Hutan Asli) menggantikan Kriteria dan Petunjuk untuk Pensijilan Pengurusan Hutan di Malaysia [atau singkatannya MC&I (2002)], di bawah *Programme for The Endorsement of Forest Certification Schemes* (PEFC) melalui *Malaysian Timber Certification Scheme* (MTCS) dan diguna pakai mulai 1 Julai 2012 sebagai standard untuk digunakan bagi pensijilan pengurusan hutan bagi hutan asli di peringkat FMU di Malaysia.

The Malaysian Criteria and Indicators for Forest Management Certification (Natural Forest) [or in short the MC&I (Natural Forest) supersedes the Malaysian Criteria and Indicators for Forest Management Certification [or in short the MC&I (2002)], under the Programme for The Endorsement of Forest Certification Schemes (PEFC) through the Malaysian Timber Certification Scheme (MTCS) and applicable from 1st July 2012 as the standard to be used for forest management certification of natural forests at the forest management unit (FMU) level in Malaysia.

Enam (6) FMU

Johor, Negeri Sembilan, Pahang, Perak, Selangor dan Terengganu mengekalkan Sijil Pengurusan Hutan di bawah skim MTCS.

Johor, Negeri Sembilan, Pahang, Perak, Selangor dan Terengganu has managed to retain the Certificate for Forest Management under MTCS.

PEMERKASAAN PENGUATKUASAAN HUTAN BERDASARKAN PERUNTUKAN AKTA PERHUTANAN NEGARA 1984

Empowerment of Forest Enforcement based on the provisions of the National Forestry Act 1984

Jabatan Perhutanan Semenanjung Malaysia (JPSM) sentiasa komited terhadap aktiviti penguatkuasaan di dalam Hutan Simpanan Kekal (HSK) bagi mencegah dan membendung jenayah alam sekitar. Hal ini adalah kerana kegiatan jenayah alam sekitar di dalam HSK boleh menjelaskan kepentingan biodiversiti, kualiti hutan, ketirisan hasil dan merosakkan alam sekitar. Aktiviti pemerkasaan penguatkuasaan hutan yang berintegriti telah diberi perhatian serius dalam tadbir urus hutan di Semenanjung Malaysia bagi memenuhi komitmen Negara di peringkat antarabangsa ketika Sidang Kemuncak Bumi di Rio de Janerio pada tahun 1992 dengan mengekalkan sekurang-kurangnya 50% kawasan hutan daripada keluasan tanah negara. Maka, jenayah alam sekitar perlu dibanteras dengan sewajarnya bagi memastikan khazanah hutan terus terpelihara.

Forestry Department Peninsular Malaysia (FDPM) is always committed towards enforcement activities in the Permanent Reserved Forest (PRF) to prevent and curb environmental crimes. This is because the criminal activities of the environment in PRF can adversely affect the importance of biodiversity, forest quality, revenue strides and damage to the environment. Forest enforcement empowerment activities with integrity were given serious attention in the governance of forests in Peninsular Malaysia to meet the Country's commitment internationally during the Earth Summit in Rio de Janerio in 1992 by preserving at least 50% of the forest area from the country's land area. Thus, environmental crimes need to be eradicated accordingly to ensure that forest treasures are preserved.

Timbalan Ketua Pengarah Perhutanan (Operasi dan Teknikal) menandatangani Prosedur Tetap Operasi (PTO) disaksikan oleh YBhg. Dato' Ketua Pengarah Perhutanan Semenanjung Malaysia (KPPSM)

The Deputy Director General of Forestry (Operations and Technical) signed the Fixed Operating Procedures (FOP) witnessed by YBhg. Dato' Director-General of Forestry Peninsular Malaysia (DGFP)

*Photo Session After the Signing Ceremony of FOP together with Agencies/Departments
for Land Components*

JPSM telah mengesyorkan agar pindaan Akta Perhutanan Negara 1984 (Akta 313) dilaksanakan bagi memastikan kerangka perundangan perhutanan negara relevan seiring dengan perkembangan situasi semasa. Objektif pindaan Akta Perhutanan Negara 1984 (Akta 313) adalah mencakupi aspek-aspek Pencegahan pengambilan hasil hutan tanpa kebenaran, menambah baik dan memantapkan pengurusan kawasan-kawasan HSK demi pembangunan sektor perhutanan negara. Justeru itu, usaha bagi mencegah dan membanteras jenayah alam sekitar ini dapat dilaksanakan dengan lebih proaktif melalui pelaksanaan pindaan perundangan ini. Di samping itu juga, pelaksanaan aktiviti pemeliharaan dan pemuliharaan hutan dapat dilaksanakan dengan lebih baik.

FDPM has recommended that amendments to the National Forestry Act 1984 (Act 313) be implemented to ensure the national forestry legal framework is relevant and in line with current situation. The objectives of the amendment of the National Forestry Act 1984 (Act 313) include aspects of prevention of illegal forest harvesting, improving and strengthening the management of PRF areas for the development of the country's forestry sector. Therefore, efforts to prevent and eradicate environmental crimes can be carried out more proactively through the implementation of these legislative amendments. In addition, the implementation of forest conservation and preservation activities can be carried out better.

Sepanjang tahun 2020, sebanyak 54 operasi bersepadu telah berjaya dilaksanakan dengan 272 kes kesalahan direkod dan dibuat siasatan lanjut. Selain itu, sebanyak 31 kes pendakwaan telah berjaya diselesaikan. Langkah pencegahan dan operasi penguatkuasaan terus ditingkatkan dari semasa ke semasa bagi memastikan jenayah hutan dapat ditangani dan dikekang dengan sewajarnya. Selain itu juga, pemerkasaan pengoperasian *War Room*@JPSM merupakan salah satu usaha yang dilakukan bagi memastikan kes-kes kesalahan hutan dapat dikesan lebih awal terutamanya yang melibatkan kawasan berisiko tinggi di dalam HSK yang mudah diceroboh oleh pihak yang tidak bertanggungjawab.

Isu keberkesanan pemantauan dan penguatkuasaan terhadap kes kesalahan hutan sering diberi perhatian serius di peringkat pentadbiran jabatan mahupun kementerian. Senario kes kesalahan atau jenayah alam sekitar yang sering berlaku di negeri melibatkan kawasan HSK dan lokasi berisiko tinggi dilihat sebagai jenayah besar oleh sesetengah pihak. Ekoran itu, pihak tersebut akan membuat aduan mengenai sebarang kes kesalahan hutan berdasarkan perspektif mereka. Bagi menangani isu aduan awam yang kian meningkat, JPSM melalui Bahagian Penguatkuasaan Hutan (BPK) mendapatkan terdapat keperluan untuk menujuhkan pasukan risikan di jabatan. Pasukan risikan merupakan Pasukan Tugas Khas yang dikenali sebagai *Intelligence Enforce Team* (IET). Pasukan IET berperanan untuk mendapatkan maklumat awal kes kesalahan hutan yang berlaku melalui kaedah risikan. Pasukan ini dianggotai seramai 25 orang pegawai dan kakitangan penguatkuasaan terpilih di Ibu Pejabat Jabatan Perhutanan Semenanjung Malaysia (IPJPSM) dan Jabatan Perhutanan Negeri (JPN). Di samping itu juga, pasukan ini turut diberi latihan untuk meningkatkan kemahiran dalam operasi dan perisikan.

Operasi membanteras tebangan haram dan kayu belah (tukar bentuk) di Hutan Simpan Piah di Daerah Kuala Kangsar, Perak

Operations to eradicate illegal cutting of woods (change of shape) in the Piah Forest Reserve in Kuala Kangsar District

Throughout 2020, a total of 54 integrated operations were successfully carried out with 272 cases of offences recorded and further investigations carried out. In addition, a total of 31 prosecution cases were successfully solved. Preventive measures and enforcement operations are continuously being stepped up from time to time to ensure that forest crime can be dealt with and constrained accordingly. In addition, the empowerment of the operation of War Room@FDPM is one of the efforts made to ensure that cases of forest offences can be detected early especially involving high risk areas in PRF which are easily breached by irresponsible parties.

The issue of effective monitoring and enforcement of forest offences cases is often given serious attention at the administration level of the department and ministry. Scenarios of cases of environmental offences or crimes that often occur in states involving PRF areas and high-risk locations are seen as major crimes by some. As a result, the party will lodge a complaint regarding any forest offences based on their perspective. In order to address the growing issue of public complaints, FDPM through the Forest Enforcement Division (FED) found that there was a need to set up an intelligence team in the department. The intelligence team is a Special Task Force known as the Intelligence Enforce Team (IET). The IET team is responsible for obtaining preliminary information on forest offences that occur through intelligence methods. The team consists of 25 selected enforcement officers and staffs at the Forestry Department Peninsular Malaysia Headquarters (FDPMHQ) and State Forestry Department (SFD). In addition, the team was also given training to improve skills in operations and intelligence.

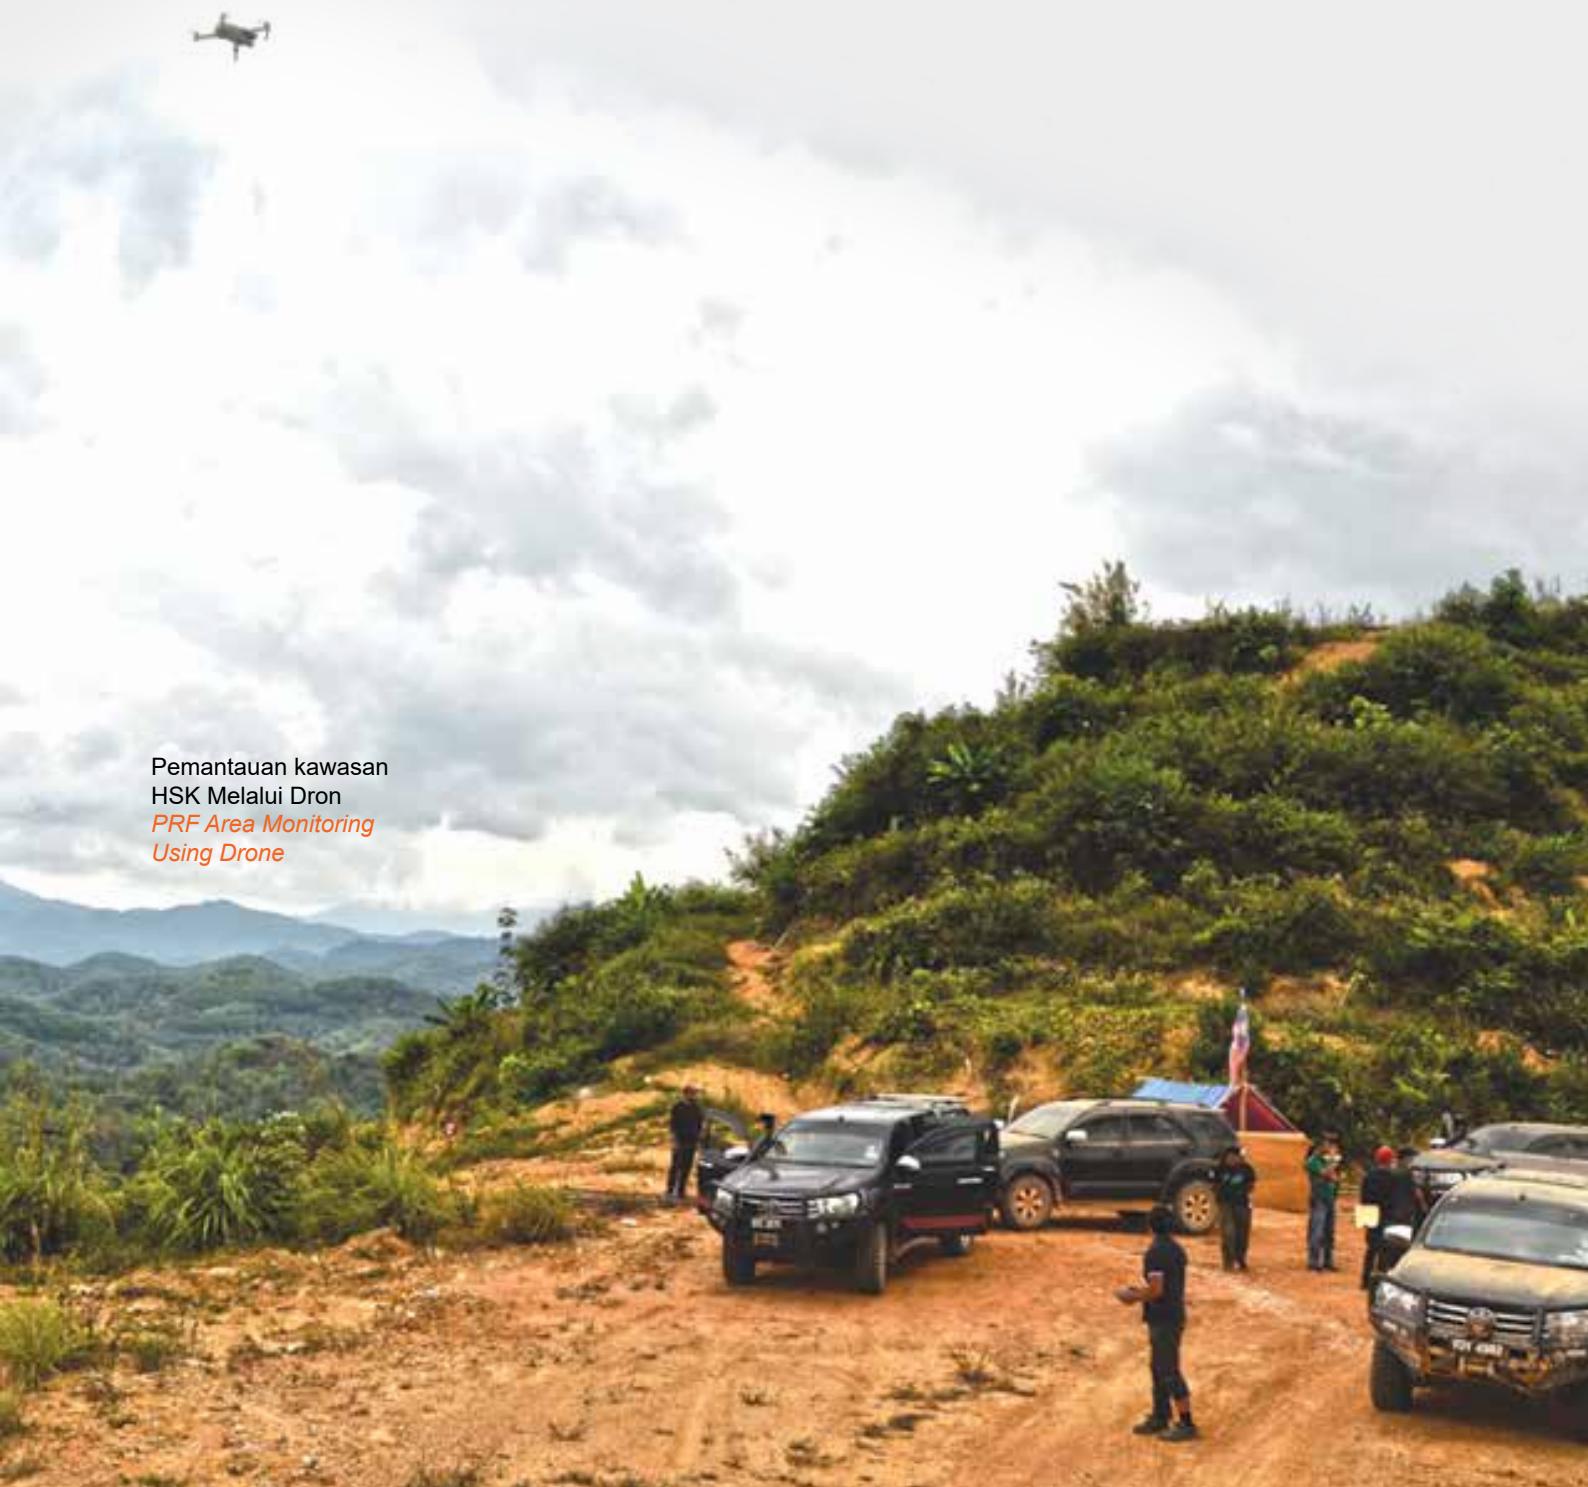

Operasi memusnahkan ladang ternakan di Hutan Simpan Bukit Cherakah, Negeri Selangor

Operation to destroy livestock farms in Bukit Cherakah Forest Reserve, Selangor

Unit Integriti Perhutanan (UIP) berperanan untuk memantau dan mengawal sebarang tindakan yang menyalahi integriti dalam konteks penguatkuasaan di samping menambah baik perkhidmatan pelanggan melalui kes aduan awam. Kes aduan awam dan kes kesalahan hutan yang kian meningkat telah memberi kesan terhadap isu-isu integriti perhutanan. Lanjutan itu kerjasama rapat antara BPK dan UIP merupakan langkah awal pencegahan untuk menepis tohmahan dan berita palsu berkenaan dengan isu pencerobohan hutan secara berintegriti bagi menjaga nama baik jabatan.

The Forestry Integrity Unit (FIU) plays a role in monitoring and controlling any actions that violate integrity in the context of enforcement as well as to improve customer service through public complaints cases. Public complaints and escalating cases of forest offences have had an impact on forestry integrity issues. Furthermore, the close cooperation between FED and FIU is an early preventive measure to eradicate slander and false news regarding the issue of forest encroachment with integrity in order to safeguard the good name of the department.

Modus Operandi pengambilan kayu tanpa kebenaran menggunakan kenderaan yang telah diubahsuai
Modus Operandi illegally picks up wood using modified vehicles

Operasi memusnahkan pokok ketum di Hutan Simpan Chebar Kechil, Negeri Kedah
Operation to destroy ketum trees in Chebar Kechil Forest Reserve, Kedah

Operasi membanteras transit dengan hasil hutan tanpa cukai di Negeri Kelantan
Operations to eradicate transit with tax-free forest revenue in Kelantan

BPK komited untuk melaksanakan usaha-usaha memperkasa dan memperkuatkukan aktiviti penguatkuasaan seiring dengan kemajuan teknologi melalui pemantauan dan pengesanan awal aktiviti pencerobohan secara atas talian melalui aplikasi E-Geospatial Perhutanan (E-GP), *Forest Monitoring Remote Sensing* (FMRS), Planet.com dan *Global Forest Watch* (GFW). Aplikasi ini dapat membantu pihak jabatan untuk mengesan perubahan atau pembukaan kawasan yang berlaku dalam HSK. Seterusnya aktiviti pemantauan di lapangan akan dilaksanakan melalui perbincangan dan perancangan bersama JPN sebelum tinjauan ke lokasi tersebut bagi tujuan pengesahan lanjut.

Aktiviti semakan di lapangan akan disertai oleh *Quick and Respond Team* (QR) yang mana ianya berperanan sebagai satu pasukan pemerhati yang mengutamakan konteks integriti dalam semua aspek, jika ianya melibatkan aduan kes kesalahan hutan. Pasukan ini juga dikenali sebagai *JPSM Elit Team* (JET) dan ahli pasukan tersebut adalah terdiri daripada pegawai dan kakitangan UIP dan BPK. Pasukan ini digerakkan berdasarkan kes kesalahan yang diterima dan tahap tindakan susulan yang diperlukan dalam menangani isu kes kesalahan hutan yang melibatkan pencerobohan dan penerokaan haram di dalam HSK.

FED is committed to implement enforcement efforts in line with technological advancements through the early monitoring and early detection of intrusion activities online through Forestry E-Geospatial (E-GF) applications, Forest Monitoring Remote Sensing (FMRS), Planet.com and Global Forest Watch (GFW). This application can help the department to detect changes or opening of areas occurring in PRF. Furthermore, field monitoring activities will be carried out through discussions and planning with SFD before surveying the location for further verification purposes.

On-field review activities will be participated by Quick and Respond Team (QR), which serves as a team of observers who prioritise the context of integrity in all aspects, if it involves complaints of forest offences. The team is also known as FDPM Elite Team (FET) and the members of the team consist of FIU and FED officers and staffs. The team was mobilised based on the cases of offences received and the level of follow-up action required to address the issue of forest offences involving illegal encroachment and exploration within the PRF.

Pelaksanaan operasi penguatkuasaan secara bersepada yang melibatkan pelbagai agensi penguatkuasaan terus dipertingkatkan di peringkat JPSM mahupun bersama agensi penguatkuasaan lain. Penglibatan JPSM dalam operasi bersepada yang dilaksanakan bersama agensi penguatkuasaan lain terus diperkasa antaranya ialah Operasi Bersepada Khazanah (OBK). OBK merupakan satu inisiatif untuk membanteras sebarang bentuk jenayah alam sekitar di bawah Kementerian Dalam Negeri (KDN) dengan kerjasama Kementerian Tenaga dan Sumber Asli (KeTSA) dan Polis Diraja Malaysia (PDRM). Selain itu juga, ianya melibatkan penyertaan daripada Jabatan Perlindungan Hidupan Liar dan Taman Negara (PERHILITAN) Semenanjung Malaysia, JPSM, JPN, Perbadanan Taman Negeri Perak (PTNP), Perbadanan Taman Negara Johor (PTNJ) dan pelbagai penyertaan Badan Bukan Kerajaan (NGO). Pelaksanaan operasi penguatkuasaan secara bersepada merupakan tindakan proaktif daripada semua pihak dalam menangani jenayah alam sekitar.

The implementation of integrated enforcement operations involving various enforcement agencies continued to be enhanced at FDPM levels as well as with other enforcement agencies. The involvement of FDPM in integrated operations carried out with other enforcement agencies is further strengthened, including Khazanah Integrated Operations (KIO). KIO is an initiative to combat any form of environmental crime under the Ministry of Home Affairs (MOHA) in collaboration with the Ministry of Energy and Natural Resources (KeTSA) and the Royal Malaysian Police (PDRM). In addition, it also involves participation from the Department of Wildlife and National Parks (PERHILITAN) Peninsular Malaysia, FDPM, SFD, Perak State Parks Corporation (PSPC), Johor National Parks Corporation (JNPC) and various non-governmental organisations (NGOs). The implementation of integrated enforcement operations is a proactive action by all parties in tackling environmental crime.

Pusat Pemantauan Sumber Hutan War Room@JPSM
Forest Resource Monitoring Center War Room@FDPM

Penyertaan operasi bersepadu yang lain adalah Operasi Benteng atau dikenali sebagai Op Benteng. JPSM telah disenaraikan antara 19 agensi penguatkuasaan di Malaysia yang melaksanakan Op Benteng bagi Komponen Darat melalui *National Task Force* (NTF). NTF memainkan peranan penting dalam memerangi pencerobohan pendatang asing tanpa izin (PATI) sehingga ke akar umbi seterusnya memperkasa kawalan sempadan negara terutamanya dalam pengawalan penularan wabak pandemik Covid-19 termasuk yang melibatkan jenayah alam sekitar. Sebagai penyelaras bagi pelaksanaan operasi tersebut, Perintah Tetap Operasi Benteng (PTO) Komponen Darat Barat telah disediakan sebagai garis panduan ke arah meningkatkan lagi keberkesanan Jabatan/Agenzi yang terlibat dalam pelaksanaan operasi bersepadu supaya dapat melaksanakan tugas secara bersepadu, tersusun dan mampu mencapai impak yang berkesan. Bersempena dengan itu, majlis bagi menandatangani PTO telah diadakan pada 14 Disember 2020 bertempat di Dewan Perwira, *National Task Force* (NTF). Majlis tersebut telah dirasmikan oleh Panglima Angkatan Tentera Malaysia (ATM), Jeneral Tan Sri Dato' Sri Haji Affendi dan turut dihadiri oleh Ketua Polis Negara, Tan Sri Dato' Seri Abdul Hamid Bador dan Ketua Pengarah Agensi Penguatkuasaan Maritim Malaysia (APMM) iaitu Laksamana Maritim Dato' Mohd Zubil Mat Som. Penglibatan JPSM dalam Op Benteng tersebut, merupakan serampang dua mata untuk mengekang jenayah alam sekitar di kawasan HSK yang bersempadan dengan negara jiran dan memastikan keselamatan sempadan negara.

Pelaksanaan-pelaksanaan operasi penguatkuasaan yang lebih giat akan membantu pencegahan jenayah hutan secara terkawal di semua peringkat penglibatan. Komitmen dan sokongan daripada semua pihak terutamanya pengurusan atasan di negeri dalam membanteras jenayah hutan ini amat penting bagi memastikan ketirisan hasil hutan serta tohmahan masyarakat terhadap integriti sektor perhutanan dapat ditangani dengan lebih progresif. Perancangan dan pelaksanaan bagi memperkasakan lagi penguatkuasaan hutan di Semenanjung Malaysia ini sangat penting sebagai langkah yang berkesan dalam menangani isu yang berbangkit dan mempertingkatkan nilai integriti warga perhutanan dalam pengurusan serta pengoperasian hutan dengan lebih holistik di Semenanjung Malaysia.

The other integrated operations participation is Operation Benteng or known as Op Benteng. FDPM is listed among the 19 enforcement agencies in Malaysia that implement Op Benteng for The Land Components through the National Task Force (NTF). The NTF plays an important role in combating the intrusion of illegal immigrants (PATI) up to the grassroots thereby strengthening national border controls especially in the control of the Covid-19 pandemic including those involving environmental crimes. As the coordinator for the implementation of the operations, the Fixed Orders for Benteng Operations (PTO) of the Western Land Components have been prepared as a guideline towards enhancing the effectiveness of departments/agencies involved in the implementation of integrated operations in order to carry out tasks in an integrated, structured and effective manner. In conjunction with the signing ceremony, the signing ceremony was held on 14 December 2020 at dewan Perwira, National Task Force (NTF). The ceremony was officiated by The Chief of Malaysian Armed Forces (ATM), General Tan Sri Dato' Sri Haji Affendi and also attended by the Inspector-General of Police, Tan Sri Dato' Seri Abdul Hamid Bador and Director General of the Malaysian Maritime Enforcement Agency (MMEA), Laksamana Maritim Dato' Mohd Zubil Mat Som. FDPM's involvement in Op Benteng has two simultaneous benefits to curb environmental crimes in the PRF area which borders the neighboring country and ensure the security of the country's borders.

Implementation of more enforcement operation will help in the prevention of forest crime in a controlled at all levels of involvement. The commitment and support from all parties, especially the top management in the state in combating forest crime, is crucial in ensuring that the concerns of forest products and the community's emphasis on the integrity of the forestry sector can be handled more progressively. The planning and implementation to strengthen forest enforcement in Peninsular Malaysia is of paramount importance as an effective measure in addressing issues that arise and enhance the value of integrity of forestry citizens in the management and operation of forests more holistically in Peninsular Malaysia.

Program **MALIM GUNUNG PERHUTANAN** JABATAN PERHUTANAN SEmenanjung MALAYSIA

*Forestry Malim Gunung Programme
Forestry Department Peninsular
Malaysia*

Di Malaysia, direkodkan lebih kurang 234 buah gunung. Manakala bagi kawasan yang mempunyai ketinggian yang lebih rendah ianya dikategorikan sebagai Hutan Gunung. Hutan Gunung didefinisikan sebagai kawasan yang mempunyai 1,500 kaki atau 457.2 meter. Berdasarkan landskap alam semula jadi dengan pelbagai sumber yang ada di dalam Hutan Simpanan Kekal (HSK), aktiviti pendakian bukit dan gunung di Semenanjung Malaysia menjadi semakin popular (*trend*) dan mendapat permintaan yang tinggi. Pelancongan kembaraan menjadi aktiviti tumpuan utama seperti aktiviti pendakian bukit, pendakian gunung, menerokai gua, aktiviti tali aras tinggi dan berbasikal lasak.

Selaras dengan pelaksanaan pelancongan kembaraan, Jabatan Perhutanan Semenanjung Malaysia (JPSM) mengambil inisiatif dengan mengadakan kerjasama bersama Jabatan Bomba dan Penyelamat Malaysia (JBPM) bagi melihat dengan lebih mendalam berkaitan dengan aspek-aspek kesihatan dan keselamatan pengunjung bagi mengekang berlakunya kes-kes kemalangan di Taman Eko Rimba dan Hutan Taman Negeri seperti orang hilang, kecederaan semasa menjalankan aktiviti pendakian dan sesat atau tersasar daripada laluan denai pendakian. Sebagai langkah yang proaktif dalam menangani isu tersebut, Program Malim Gunung Perhutanan (MGP) telah diperkenalkan.

In Malaysia, there were about 234 mountains recorded. Meanwhile, for areas with lower elevations, they are categorized as Mountain Forest. Mountain Forest is defined as an area that has 1,500 feet or 457.2 meters. Given the natural landscape with the various resources available in the Permanent Reserved Forest (PRF), the hill and mountain climbing activities in Peninsular Malaysia are become more popular (trends) and are in high demand. Adventure Tourism has become the main focus of activities such as hiking, mountain climbing, cave exploration, high-level rope activities and extreme cycling.

In line with the implementation of Adventure Tourism, the Forestry Department Peninsular Malaysia (FDPM) has taken the initiative to cooperate with the Fire and Rescue Department of Malaysia (JBPM) to look deeply into the health and safety aspects of visitors to prevent accidents occurring in Forest Eco Park and Forest State Park such as missing persons, injuries while climbing and straying or straying from climbing trails. As a proactive measure to address the issue, the Forestry Malim Gunung Programme (MGP) was introduced.

Program MGP merupakan program yang julung kalinya dilaksanakan oleh JPSM dengan melibatkan individu atau pihak yang mempunyai kelayakan dan berpengalaman sebagai Malim Gunung. Selain itu, ianya juga dapat membantu JPSM dalam menguruskan kawasan pendakian dengan lebih baik serta pentadbiran aktiviti pendakian dalam HSK akan lebih seragam dan teratur secara tidak langsung merancakkan pelancongan kembaraan di Semenanjung Malaysia. MGP merupakan seorang jurupandu arah pendakian terdiri daripada penduduk tempatan yang telah hadir dengan jayanya ke Kursus Malim Gunung Perhutanan dan ditauliahkan sebagai Malim Gunung Jabatan (MGJ). Peserta yang ditauliahkan akan didaftarkan dengan nombor kod pendaftaran mengikut negeri berdasarkan syarat-syarat dan kriteria yang ditetapkan oleh Jabatan Perhutanan Negeri (JPN).

Peranan Malim Gunung Perhutanan adalah membantu JPN dalam pengurusan dan pelaksanaan aktiviti pendakian dalam HSK dengan lebih teratur dan mengutamakan aspek keselamatan. MGP ini juga boleh menjadi mata dan telinga kepada JPN dalam menyalurkan maklumat terhadap kesalahan hutan merujuk kepada Akta Perhutanan Negara 1984 atau mana-mana undang-undang lain yang berkaitan. Pada masa yang sama MGP dapat membantu JPN memantau laluan pendakian secara berterusan dan kos penyelenggaraan yang lebih menjimatkan dengan adanya kerjasama di antara JPN dan masyarakat setempat yang berdaftar sebagai Malim Gunung Perhutanan.

Dalam melaksanakan Kursus Malim Gunung Perhutanan, modul latihan dikendalikan sepenuhnya oleh pihak yang mempunyai autoriti terdiri daripada pegawai JPSM, JBPM dan beberapa agensi lain yang terlibat yang mempunyai kepakaran dalam bidang masing-masing. Program perintis Kursus Malim Gunung Perhutanan telah diadakan di negeri Johor pada 27 September 2020 hingga 1 Oktober 2020 melibatkan seramai 60 orang peserta. Kumpulan MGP pertama ini telah ditauliahkan sebagai Malim Gunung Perhutanan oleh Ketua Pengarah Perhutanan Semenanjung Malaysia (KPPSM). Seseorang yang telah berdaftar atau ditauliahkan sebagai MGP akan mendapat sijil, transkrip latihan serta kad pengenalan MGP yang sah dalam tempoh dua (2) tahun dan perlu diperbaharui melalui JPN. Untuk tujuan tersebut, JPN berhak untuk mengenakan bayaran mengikut kadar-kadar yang ditetapkan oleh negeri. MGP juga akan dibekalkan dengan buku log bagi merekod sebarang program yang disertai di dalam HSK sepanjang tahun bagi tujuan permohonan memperbaharui kad pengenalan MGP.

The MGP programme is the first programme to be implemented by FDPM involving individuals or parties with qualifications and experience as Malim Gunung. Besides that, it will also help FDPM in managing the climbing area better as well as the administration of the climbing activities in PRF will be more uniform and organized indirectly to boost adventure tourism in Peninsular Malaysia. MGP is a guide for the climbing course comprising local residents who attended the Malim Gunung Forestry Course and was commissioned as Malim Gunung Jabatan (MGJ). The accredited participants will be registered with the registration code number according to the state based on the conditions and criteria set by the State Forestry Department (SFD).

The role of Malim Gunung is to assist SFD in the management and implementation of climbing activities in PRF in a more orderly manner and prioritizes the safety aspect. The MGP can also be the eyes and ears of SFD in disseminating information on forest offences in reference to the National Forestry Act 1984 or any other relevant laws. At the same time, MGP can assist SFD in continuously monitoring the climbing routes and cost of maintaining more economics with the cooperation between SFD and local community registered as Forestry Malim Gunung.

In implementing the Forestry Malim Gunung Course, the training modules are fully managed by authorities comprising of FDPM, JBPM and other agencies involved who have expertise in their respective fields. The pioneer programme for the Forestry Malim Gunung Course was held in the state of Johor from 27th September 2020 to 1st October 2020 involving 60 participants. The first MGP Group was commissioned as a Malim Gunung Forestry by the Director General of Forestry Peninsular Malaysia (DGPFM). A person who has registered or certified as an MGP will get a valid certificate, training transcript and MGP identity card within two (2) years and must be renewed through SFD. For this purpose, SFD reserves the right to charge according to the rates set by the state. MGP will also be provided with a logbook to record any programmes participated in the PRF throughout the year for the purpose of renewing the MGP identity card.

Melalui JPSM, usaha mendaftarkan MGP yang juga merupakan salah satu komitmen Kementerian Tenaga dan Sumber Asli (KeTSA) untuk menyediakan latihan yang seragam kepada MGP sebelum layak ditauliahkan sebagai MGJ yang beroperasi di dalam HSK. KPPSM telah mencadangkan perkhidmatan MGP dilaksanakan di JPN mulai tahun 2021. Walaubagaimanapun, ianya akan dilaksanakan sepenuhnya pada tahun 2022. Pentaulahan MGP akan dapat membantu JPSM dan JPN merangka strategi dalam menyediakan perkhidmatan yang berkualiti kepada pelawat selain dapat meningkatkan imej JPSM dalam sektor ekopelancongan perhutanan. Cabaran mendaftarkan MGP memerlukan komitmen tinggi daripada JPSM dan kejayaan melaksanakan kursus MGP memerlukan komitmen dan sokongan penuh JPN.

Through FDPM, the effort to register the MGP is also one of the commitments of the Ministry of Energy and Natural Resources (KeTSA) to provide uniform training to the MGP before qualifying as MGJ operating within the PRF. The MGP has proposed to be implemented in SFD starting 2021. However, it will be fully implemented by 2022. The MGP accreditation will help FDPM and SFD to formulate strategies in providing quality services to visitors besides enhancing the image of FDPM in the forestry ecotourism sector. The challenge of registering MGP requires high commitment from FDPM and the successful implementation of the MGP course requires the full commitment and support of SFD.

Aktiviti-aktiviti yang dijalankan sepanjang Kursus Malim Gunung Perhutanan yang diadakan pada 27 September hingga 1 Oktober 2020 di negeri Johor yang disertai seramai 60 orang peserta
The activities carried out during the Malim Gunung Forestry Course which was held from 27th September to 1st October 2020 in Johor which was participated by 60 participants

Sambutan HARI KONSERVASI EKOSISTEM HUTAN PAYA LAUT ANTARABANGSA PERINGKAT KEBANGSAAN TAHUN 2020

The National Celebration of International Day for the Conservation of the Mangrove Ecosystem 2020

Sambutan Hari Konservasi Ekosistem Hutan Paya Laut Antarabangsa Peringkat Kebangsaan Tahun 2020 telah diadakan pada 26 Julai 2020 bertempat di Pusat Eko Pelajaran Hutan Paya Laut Matang, Kuala Sepetang, Perak. Bertemakan “Hutan dan Biodiversiti: Khazanah Yang Tidak Ternilai”, sambutan ini telah dirasmikan oleh Yang Berhormat (YB) Dato’ Dr. Shamsul Anuar bin Hj. Nasarah, Menteri Tenaga dan Sumber Asli. Sambutan tersebut turut dihadiri oleh Yang Berbahagia (YBhg.) Datuk Zurinah binti Awang Teh, Ketua Setiausaha Kementerian Tenaga dan Sumber Asli (KeTSA), YBhg. Dato’ Mohd Ridza bin Awang, Ketua Pengarah Perhutanan Semenanjung Malaysia, YBhg. Dato’ Mohamed Zin bin Yusop, Pengarah Perhutanan Negeri Perak, Pegawai dan

The National Celebration of International Day for the Conservation of the Mangrove Ecosystem 2020 was held on 26th July 2020 at the Matang Mangrove Eco-Education Centre, Kuala Sepetang, Perak. Themed “Forests and Biodiversity: The Invaluable Treasure”, the celebration was officiated by the Honourable Dato’ Dr. Shamsul Anuar bin Hj. Nasarah, Minister of Energy and Natural Resources. The celebration was also attended by Yang Berbahagia (YBhg.) Datuk Zurinah binti Awang Teh, Secretary General of the Ministry of Energy and Natural Resources (KeTSA), YBhg. Dato’ Mohd Ridza bin Awang, Director General of Forestry Peninsular Malaysia, YBhg. Dato’ Mohamed Zin bin Yusop, Perak State Director of Forestry, Officers and staff of the Forestry Department Peninsular Malaysia

YB Dato’ Dr. Shamsul Anuar bin Hj. Nasarah, Menteri Tenaga dan Sumber Asli merasmikan gimmik pelancaran Sambutan Hari Konservasi Ekosistem Hutan Paya Laut Antarabangsa Peringkat Kebangsaan Tahun 2020 pada 26 Julai 2020 di Pusat Eko Pelajaran Hutan Paya Laut Matang, Kuala Sepetang, Perak

YB Dato’ Dr. Shamsul Anuar bin Hj. Nasarah, Minister of Energy and Natural Resources officiated the launching gimmick during The National Celebration of International Day for the Conservation of the Mangrove Ecosystem 2020 on 26th July 2020 at the Matang Mangrove Eco-Education Centre, Kuala Sepetang, Perak.

Penerima Anugerah *Role Model* Badan-badan Bukan Kerajaan (NGO) daripada
Global Environment Centre (GEC)
Recipients of the Role Model Award of Non-Government Bodies (NGOs) from the
Global Environment Centre (GEC)

kakitangan dari Jabatan Perhutanan Semenanjung Malaysia (JPSM) dan Jabatan Perhutanan Negeri Perak, wakil-wakil daripada Badan-badan Bukan Kerajaan (NGO) serta wakil komuniti setempat.

(FDPM) and the Perak Forestry Department, representatives from non-governmental organizations (NGOs) and local community representatives.

Sambutan pada kali ini agak berbeza, memandangkan seluruh negara sedang menghadapi penularan wabak pandemik Novel Coronavirus (Covid-19). Sambutan dilaksanakan dengan mematuhi beberapa Prosedur Operasi Standard (SOP) yang telah ditetapkan seperti penjarakkan fizikal, pemakaian pelitup muka, merekodkan suhu badan dan sebagainya. Hanya seramai 250 orang peserta sahaja dibenarkan berkumpul pada satu masa dengan mematuhi SOP penjarakkan fizikal yang telah ditetapkan. Selain itu, pameran oleh 12 NGO dan beberapa Jabatan/Agensi Kerajaan yang merupakan salah satu acara utama dalam menghubungkan antara rakyat dan Kerajaan tidak dapat diadakan pada sambutan kali ini.

The celebration this time is quite different, as the whole country is facing the outbreak of the Novel Coronavirus (Covid-19) pandemic. The celebration was carried out in compliance with several Standard Operating Procedures (SOPs) that have been set such as physical distancing, the wearing of face masks, recording body temperature and so on. Only 250 participants were allowed to gather at one time in compliance with the designated physical distancing SOP. Besides that, an exhibition by 12 NGOs and several government departments/agencies which was one of the main events in connecting the people and the government could not be held this time.

Walau bagaimanapun, JPSM telah berjaya mencipta sejarah di mana dua acara besar telah diadakan iaitu Penyampaian Sijil Penghargaan dan Anugerah *Role Model* NGO kepada NGO di bawah Program Penanaman Pokok Bakau dan Spesies-Spesies yang Sesuai di Pesisiran Pantai Negara oleh KeTSA serta Pelancaran Buku "Flora Mercu Tanda Negeri-Negeri di Malaysia" yang diterbitkan oleh Institut Penyelidikan Perhutanan Malaysia (FRIM), di mana salah seorang penulisnya adalah Ketua Pengarah Perhutanan Semenanjung Malaysia iaitu YBhg. Dato' Mohd Ridza bin Awang.

Nevertheless, FDPM has made history where two major events were held namely the presentation of NGOs' Certificate of Appreciation and Role Model Award to NGOs under the Mangrove Tree Planting Programme and Suitable Species in the Coastal Areas of Malaysia by KeTSA and the launching of the "Flora of State Landmarks in Malaysia" book published by Forest Research Institute Malaysia (FRIM), one of whose authors is the Director General of Forestry Peninsular Malaysia, YBhg. Dato' Mohd Ridza bin Awang.

PEMANTAPAN MODAL INSAN KE ARAH PELAKSANAAN INVENTORI HUTAN NASIONAL KE ENAM (IHN-6)

Strengthening the Human Capital Towards the Implementation of the 6th National Forest Inventory (NFI-6)

Jabatan Perhutanan Semenanjung Malaysia (JPSM) merupakan pihak yang bertanggungjawab dalam mengemaskini maklumat sumber hutan di Semenanjung Malaysia melalui pengumpulan data kuantitatif dan kualitatif yang telah dilaksanakan setiap 10 tahun melalui projek Inventori Hutan Nasional (IHN) semenjak tahun 1970. IHN Pertama (IHN-1) telah dilaksanakan pada tahun 1970 hingga 1972 dengan kerjasama *United Nations Development Programme* (UNDP) dan *Food and Agriculture Organisation of the United Nations* (FAO). IHN Ke Dua (IHN-2) pula telah dilaksanakan pada tahun 1981 hingga 1982 manakala IHN Ke Tiga (IHN-3) pula telah dilaksanakan pada tahun 1991 hingga 1993 dengan kerjasama FAO. Seterusnya IHN Ke Empat (IHN-4) telah dilaksanakan pada tahun 2002 hingga 2004 dengan input teknikal menerusi projek *Malaysia-German Sustainable Forest Management*. IHN Ke Lima (IHN-5) telah dilaksanakan sepenuhnya oleh JPSM pada tahun 2010 hingga 2013. Susulan daripada lima (5) siri IHN terdahulu, IHN Ke Enam (IHN-6) juga akan dilaksanakan sepenuhnya oleh JPSM pada tahun 2020 hingga 2024.

Perancangan bagi pelaksanaan IHN-6 ini telah bermula pada awal tahun 2019. Satu Sesi Konsultasi dan Lab Pengukuhan IHN Ke Enam (IHN-6) telah diadakan pada 1 hingga 5 April 2019 di Bahagian Latihan Perhutanan, Kepong, Selangor. Program ini bertujuan untuk membincangkan halatuju dan pendekatan pelaksanaan IHN-6 serta mendapatkan maklumbalas daripada pelbagai agensi dan jabatan terhadap kaedah inventori yang sesuai dari segi rekabentuk, kepadatan, populasi dan data asas lain yang diperlukan.

Forestry Department Peninsular Malaysia (FDPM) is responsible for updating forest resource information in Peninsular Malaysia through the collection of quantitative and qualitative data that has been implemented every 10 years through the National Forest Inventory (NFI) project since 1970. The First NFI (NFI-1) was implemented from 1970 to 1972 in collaboration with the United Nations Development Programme (UNDP) and the Food and Agriculture Organisation of the United Nations (FAO). The Second NFI (NFI-2) was implemented from 1981 to 1982 while the Third NFI (NFI-3) was implemented from 1991 to 1993 in collaboration with FAO. The Fourth NFI (NFI-4) was subsequently implemented from 2002 to 2004 with technical input through the Malaysia-German Sustainable Forest Management project. NFI 5th NFI (NFI-5) was fully implemented by FDPM from 2010 to 2013. Following the previous five (5) NFI series, the Sixth NFI (NFI-6) will also be fully implemented by FDPM from 2020 to 2024.

Planning for the implementation of NFI-6 has begun in early 2019. A Consultation Session and The Sixth NFI Strengthening Lab (NFI-6) was held from 1st to 5th April 2019 at the Forestry Training Division, Kepong, Selangor. This programme aims to discuss the direction and approach of implementation of NFI-6 as well as to obtain feedback from various agencies and departments on suitable inventory methods in terms of design, density, population and other basic data required.

Ucapan perasmian oleh YBhg. Dato' KPPSM semasa Sesi Konsultasi dan Lab Pengukuhan IHN Ke Enam (IHN-6) yang diadakan pada 1 hingga 5 April 2019.

Opening speech by YBhg. Dato' DGFP during the Sixth NFI Consultation and Lab Review Session (NFI-6) held from 1st to 5th April 2019.

Sesi bergambar para peserta bersama-sama YBhg. Dato' KPPSM.

Sesi soal jawab turut dijalankan sepanjang Sesi Konsultasi dan Lab Pengukuhan IHN Ke Enam (IHN-6).

The Q&A session was also conducted throughout the Consultation Session and the Sixth NFI Strengthening Lab (NFI-6).

Para peserta yang hadir semasa Sesi Konsultasi dan Lab Pengukuhan IHN Ke Enam (IHN-6) di Bahagian Latihan Perhutanan, Kepong, Selangor. *The participants attended the Consultation Session and The Sixth NFI Strengthening Lab (NFI-6) at the Forestry Training Division, Kepong, Selangor.*

Seramai 50 orang peserta telah menghadiri sesi konsultasi ini yang terdiri daripada kakitangan Ibu Pejabat Jabatan Perhutanan Semenanjung Malaysia (IPJPSM), Jabatan Perhutanan Negeri (JPN), Institut Penyelidikan Perhutanan Malaysia (FRIM), Jabatan Hutan Sabah, Jabatan Hutan Sarawak, Universiti Putra Malaysia (UPM), Universiti Kebangsaan Malaysia (UKM) dan Agensi Remote Sensing Malaysia (ARSM). Lab pengukuhan IHN-6 ini diteruskan untuk tiga hari berikutnya melibatkan seramai 44 orang peserta yang terdiri daripada kakitangan IPJPSM dan JPN. Objektif lab pengukuhan ini adalah untuk mengukuhkan pengetahuan dan kefahaman peserta berkenaan prosedur keseluruhan pelaksanaan IHN-6 dan kaedah penganalisaan data IHN-6 serta meneliti dan memperhalusi konsep dan format pelaporan IHN-6. Satu sesi penutup dan rumusan keseluruhan sesi konsultasi lab telah diadakan dan beberapa perkara berbangkit telah dibincangkan untuk penambahbaikan IHN-6 yang akan diadakan pada tahun 2020 kelak.

Pelaksanaan IHN-6 diteruskan dengan mengadakan Kursus IHN ke-6 Siri I yang telah diadakan pada 15 hingga 19 Julai 2019 di Kompleks Latihan Perhutanan Sg. Siput, Perak yang disertai seramai 42 orang yang terdiri daripada kakitangan Gred G29 dan ke bawah dari lapan Jabatan Perhutanan Negeri (JPN) iaitu JPN Johor, JPN Selangor, JPN Melaka, JPN Negeri Sembilan, JPN Kedah, JPN Perak, JPN Pulau Pinang dan JPN Perlis. Kursus ini telah disampaikan oleh pegawai-pegawai di Seksyen Perancangan dan Penilaian Sumber Hutan dan jemputan dua orang penceramah luar dari Jabatan Bomba dan Penyelamat Malaysia (JBPM) iaitu Encik Sabarudin bin Mohd dan Encik Ahmad Shazli bin Zaindy.

Sesi bergambar peserta Kursus Inventori Hutan Nasional (IHN-6) Siri I
Photo session of participants of National Forest Inventory Course (NFI-6)

A total of 50 participants attended the consultation session which consisted of staff from the Forestry Department Peninsular Malaysia Headquarters (FDPMHq), State Forestry Department (SFD), Forest Research Institute Malaysia (FRIM), Sabah Forest Department, Sarawak Forest Department, Universiti Putra Malaysia (UPM), Universiti Kebangsaan Malaysia (UKM) and Remote Sensing Agency Malaysia (ARSM). The NFI-6 strengthening lab continued for the next three days involving 44 participants comprising of FDPMHq and SFD staff. The objective of this strengthening lab is to strengthen the participants' knowledge and understanding on the overall procedures of implementation of NFI-6 and NFI-6 data analysis methods as well as to review and refine the concepts and formats of reporting NFI-6. A closing session and a summary of the entire lab consultation session was held and several matters arising were discussed for the improvement of NFI-6 to be held in 2020.

The implementation of NFI-6 continued with the 6th NFI Series I Course which was held from 15 to 19 July 2019 at the Sg. Siput Forestry Training Complex, Perak which was attended by 42 people comprising staff of Grade G29 and below from eight State Forestry Departments (SFD) namely Johor SFD, Selangor SFD, Melaka SFD, Negeri Sembilan SFD, Kedah SFD, Perak SFD, Penang SFD and Perlis SFD. The course was presented by officers in the Forest Resource Planning and Evaluation Section and an invitation from two speakers from the Fire and Rescue Department of Malaysia (JBPM), Encik Sabarudin bin Mohd and Encik Ahmad Shazli bin Zaindy.

Kursus Inventori Hutan Nasional (IHN-6) Siri II pula telah diadakan pada 22 hingga 26 September 2019 di Pusat Latihan Perhutanan Negeri Kelantan yang dihadiri oleh 31 orang peserta yang terdiri daripada kakitangan Gred G29 dan ke bawah dari tiga Jabatan Perhutanan Negeri iaitu JPN Terengganu, JPN Kelantan dan JPN Pahang. Kursus ini telah disampaikan oleh dua orang penceramah Jabatan iaitu Encik Salleh bin Endut dan Encik A Razak bin Husdain serta jemputan dua orang penceramah luar dari Jabatan Bomba dan Penyelamat Malaysia (JBPM) iaitu Encik Mokhtar bin Che Mah dan Encik Che Mazlan bin Mohamed.

The National Forest Inventory Course (NFI-6) Series II was held from 22 to 26 September 2019 at the Kelantan Forestry Training Centre attended by 31 participants comprising staff of Grade G29 and below from three State Forestry Departments namely Terengganu SFD, Kelantan SFD and Pahang SFD. The course was presented by two speakers from the Department, Encik Salleh bin Endut and Encik A Razak bin Husdain as well as an invitation from two other speakers from jabatan Bomba Dan Penyelamat Malaysia (JBPM) namely Mr. Mokhtar bin Che Mah and Encik Che Mazlan bin Mohamed.

Reka bentuk inventori yang digunakan bagi IHN-6 dicadangkan sama seperti reka bentuk IHN-5 berserta penambahan bagi membolehkan perbandingan data antara IHN sebelumnya dengan IHN-6 dapat dibuat. Reka bentuk inventori ini adalah berkonseptan *stratified random sampling* di mana taburan setiap Unit Persampelan (UP) bagi setiap strata adalah dibuat secara rawak. Secara keseluruhannya, 659 UP perlu diinventori berdasarkan pengiraan nilai kebarangkalian pada tahap 90% dan ralat yang diterima adalah 20%. Sejumlah 18 strata telah ditetapkan dengan meliputi semua jenis hutan darat dan hutan paya gambut yang meliputi kawasan pengusahaan dan hutan perlindungan. Sebanyak 142 UP *Continuous Forest Inventory* (CFI) daripada IHN-4 dan IHN-5 juga digunakan sebagai sebahagian dari jumlah keseluruhan UP IHN-6.

The inventory design used for NFI-6 is proposed similar to the NFI-5 design and additions to enable the comparison of the previous NFI and NFI-6 to be made. The inventory design is based on the concept of stratified random sampling whereby the distribution of each Sampling Units (SU) per strata is made randomly. In total, 659 SU should be inventoried based on the calculation of the value of probabilities at the 90% level and the error received was 20%. A total of 18 strata has been designated covering all types of inland forests and peat swamp forests covering harvesting and protected forests. A total of 142 Continuous Forest Inventory (CFI) from NFI-4 and NFI-5 were also used as part of NFI-6's total SU.

Gambarajah rekabentuk setiap UP
Figure of design for each SU

Setiap UP mengandungi empat (4) Pensampelan Titik, empat (4) Pensampelan Bulatan, tiga (3) Pensampelan Jalur dan empat (4) persampelan *clip plot* (melibatkan 70 UP/ 10%) dengan anggaran keluasan 3.14 hektar seperti yang ditunjuk oleh gambarajah diatas. Penambahan persampelan *Clip Plot* adalah bertujuan untuk mengira kandungan karbon yang terdapat pada sarap hutan dan tumbuhan *Non-Tree Vegetative*.

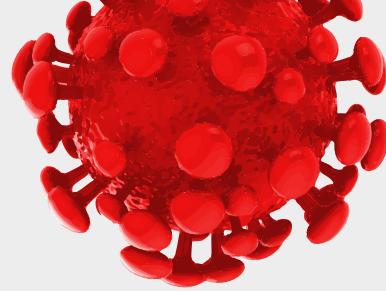

Each SU consists of four (4) Sampling of Dots, four (4) Circle sampling, three (3) Strip sampling and four (4) plot clip sampling (involving 70 SU/10%) with an estimated area of 3.14 hectares as indicated by the diagram above. The addition of Clip Plot sampling is intended to calculate the carbon content found in forest junk and non-Tree Vegetative plants.

17	Hutan Perlindungan: Hutan Bukit Tinggi <i>Protection Forest: High Hill Forest</i>	13
18	Hutan Perlindungan: Hutan Gunung <i>Protection Forest: Mountain Forest</i>	19
JUMLAH / TOTAL		659

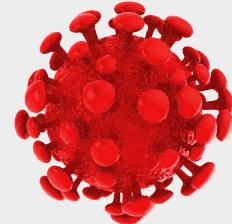

Laporan Inventori Hutan Nasional yang dijangka siap pada 2024 merangkumi Inventori Hutan Nasional Ke Enam (IHN-6) dan Inventori Hutan Nasional Ke Dua (IHN-2) Paya Laut akan dijadikan sebagai panduan maklumat sumber hutan yang terkini di peringkat nasional (Semenanjung Malaysia) bagi tujuan perancangan dan pengurusan hutan secara berkekalan.

The National Forest Inventory Report, expected to be completed in 2024, includes the Sixth National Forest Inventory (NFI-6) and the Second National Forest Inventory (NFI-2) of Swamp Sea will be used as a guide to the latest forest resource information at the national level (Peninsular Malaysia) for the purpose of sustainable forest planning and management.

PANDEMIK COVID-19: NORMA BAHARU DALAM PENGURUSAN PERHUTANAN DI SEMENANJUNG MALAYSIA

COVID-19 PANDEMIC: NEW NORMS IN FORESTRY MANAGEMENT IN PENINSULAR MALAYSIA

Pandemik Covid-19 yang berpunca daripada koronavirus sindrom pernafasan akut teruk 2 (SARS-CoV-2) telah melanda dunia sejak penghujung tahun 2019. Di Malaysia, kes pertama 2019-nCov yang kini dikenali sebagai Covid-19 dilaporkan pada 25 Januari 2020 membabitkan tiga warganegara China yang masuk ke Malaysia melalui Singapura. Pada awalnya, kes-kes yang dilaporkan saban hari adalah rendah dan terkawal yang hanya membabitkan kes-kes import sehingga beberapa kluster tempatan muncul pada bulan Mac 2020. Kluster yang terbesar pada ketika itu dikatakan berpunca daripada perhimpunan agama Jemaah Tabligh yang diadakan pada hujung bulan Februari sehingga awal Mac 2020. Hal ini telah mencetuskan peningkatan jumlah kes harian sehingga 2,000 kes sehari. Individu yang telah dijangkiti Covid-19 ini akan mengalami beberapa simptom seperti demam yang berpanjangan, sakit dada dan kesukaran untuk bernafas.

The Covid-19 pandemic caused by coronavirus severe acute respiratory syndrome 2 (SARS-CoV-2) has been in the world since the end of 2019. In Malaysia, the first case of 2019-nCov now known as Covid-19 was reported on 25th January 2020 involving three Chinese citizens who entered Malaysia via Singapore. Initially, cases reported daily were low and controlled which only involved import cases until several local clusters emerged in March 2020. The largest cluster at that time was said from the Tabligh Congregation religious assembly held from the end of February until early March 2020. This has triggered an increase in the number of daily cases to 2,000 cases a day. Individuals who have been infected with Covid-19 will experience several symptoms such as prolonged fever, chest pain and difficulty in breathing.

COVID-19
KesihatanRakyat

AMARAN
TANDA-TANDA ORANG DEWASA YANG DIJANGKITI COVID-19

- Deman berpanjangan
- Kelusion bertambah teruk
- Kesukaran bernafas
- Sakit dada
- Bibir atau jari kebiruan
- Tidak boleh mengambil makanan atau minuman melalui mulut

SCAN ME

Ekoran daripada pertambahan kes yang dilaporkan setiap hari, Kerajaan Malaysia di bawah pimpinan Yang Amat Berhormat Tan Sri Muhyiddin Yassin telah melaksanakan Perintah Kawalan Pergerakan (PKP) yang berkuatkuasa bermula pada 18 hingga 31 Mac 2020 di seluruh negara untuk mengekang penularan wabak ini. Perintah Kawalan Pergerakan yang sepatutnya tamat pada akhir Mac 2020 telah dilanjutkan sehingga awal Mei 2020 berikutan peningkatan jangkitan dalam komuniti. Pada 4 Mei 2020, susulan daripada penurunan kes harian, Kerajaan Malaysia telah membuat perlonggaran sekatan secara beransur-ansur iaitu Perintah Kawalan Pergerakan Bersyarat (PKPB). Semasa dalam tempoh PKPB ini, pihak kerajaan telah mengumumkan Prosedur Operasi Standard (SOP) bagi membenarkan pelbagai sektor perniagaan dibuka diikuti dengan Perintah Kawalan Pergerakan Pemulihan (PKPP) mulai 10 Jun 2020.

Dalam usaha untuk memastikan pengurusan hutan diuruskan secara berkekalan dan mengekalkan kelestarian hutan di Malaysia, pihak kerajaan telah mengumumkan Prosedur Operasi Standard (SOP) Pengurusan Perhutanan semasa tempoh PKPB yang berkuatkuasa pada 4 Mei 2020.

Seterusnya, dalam tempoh PKPP yang berkuatkuasa pada 10 Jun 2020, kesemua Taman Eko-Rimba (TER) dan Hutan Taman Negeri (HTN) di Semenanjung Malaysia telah dibuka kepada orang ramai namun pengoperasian dalam kawasan berkenaan hendaklah mengikut SOP yang telah ditetapkan oleh kerajaan. Pada asalnya, PKPP dijadualkan berakhir pada 31 Ogos 2020, tetapi ia telah dilanjutkan lagi sehingga 31 Disember 2020, dengan beberapa sektor terpilih yang kekal ditutup serta penguatkuasaan sekatan perjalanan yang ketat dari beberapa buah negara akibat pengesanan kes import yang berterusan.

Following the increase in cases reported daily, the Malaysian Ministry under the leadership of Yang Amat Berhormat Tan Sri Muhyiddin Yassin has implemented the Movement Control Order (MCO) which came into force from 18th to 31st March 2020 nationwide to curb the spread of the outbreak. The Movement Control Order which was supposed to expire at the end of March 2020 has been extended until early May 2020 due to an increase in infections in the community. On 4th May 2020, following a daily drop in cases, the Malaysian Ministry of Statistics has gradually relaxed the restrictions, namely the Conditional Movement Control Order (CMCO). During the MCO period, the government announced Standard Operating Procedures (SOPs) to allow various business sectors to be opened, followed by the Recovery Movement Control Order (RMCO) from 10th June 2020.

To ensure that forest management is managed in a sustainable manner and to maintain forest sustainability in Malaysia, the government has announced the Standard Operating Procedures (SOP) for Forestry Management during the CMCO period which comes into force on 4th May 2020.

Subsequently, during the RMCO period which came into force on 10th June 2020, all Forest Eco-Parks (FEP) and Forest State Park (FSP) in Peninsular Malaysia were opened to the public but operations in the area should be in accordance with the SOP set by the government. Originally, the RMCO was originally scheduled to end on 31st August 2020, but it has been extended further until 31st December 2020, with selected sectors remaining closed as well as strict enforcement of travel restrictions from several countries due to ongoing detection of import cases.

AKTIVITI YANG DIBENARKAN

1. Aktiviti rekreasi umum (berkelah, beriadah, titian silara, menyelusuri sungai/laut (boating), menikmati alam semula jadi)
2. Memerhati burung
3. *Jungle trekking*, mendaki bukit/gunung (tidak bermalam)
4. Pembelajaran/pendidikan alam semula jadi
5. Lawatan galeri dan muzium perhutanan
6. Penyelenggaraan fasiliti dan premis
7. Jelajah Gua
8. Senaman yang tidak melibatkan sentuhan badan dan kemudahan fizikal
9. Pengambaran
10. Kajian dan penyelidikan perhutanan
11. Fasiliti penginapan dan dewan
12. Perkhemahan (Persendirian & Keluarga)
13. Lawatan berkumpulan tidak melebihi 20 orang

AKTIVITI YANG TIDAK DIBENARKAN

1. Aktiviti air termasuk mandi manda di kolam awam, kolam takungan dan kolam air terjun.
2. Rekreasi sukan lasak (*motorcross, ATV, mountain bike, rock climbing, para gliding*).
3. Aktiviti tali (abseiling/zipline/high rope/wall climbing).
4. Majlis keramaian (hari keluarga).
5. Penganjuran kem motivasi, *summer camp*, perkhemahan.
6. Penganjuran aktiviti pengurusan acara.

Hebahan berkaitan status pembukaan Taman Eko-Rimba dan Hutan Taman Negeri telah dimuatnaik di Facebook rasmi Jabatan Perhutanan Semenanjung Malaysia (JPSM) pada 13 Jun 2020 dan 24 November 2020.

Announcement regarding the status of the opening of Forest Eco-Park and Forest State Park was uploaded to the official Facebook Forestry Department Peninsular Malaysia (FDPM) on 13th June 2020 and 24th November 2020.

Pada 1 Ogos 2020, kerajaan juga telah mengumumkan SOP baharu khusus untuk menjalankan aktiviti ekopelancongan hutan di TER dan HTN. Semua aktiviti yang terlibat di kawasan TER dan HTN dibenarkan beroperasi secara kapasiti penuh namun waktu kehadiran pengunjung adalah dihadkan dari pukul 9.00 pagi hingga 4.30 petang sahaja.

Selain daripada itu, kerajaan juga telah mengemaskini SOP untuk aktiviti ekopelancongan hutan di TER dan HTN bagi memenuhi keperluan pengunjung ke kawasan ini. Di samping itu, kerajaan juga telah menetapkan SOP untuk aktiviti dan protokol khusus seperti aktiviti penginapan, aktiviti pengusaha gerai makanan, aktiviti rumah bot dan aktiviti rekreasi lasak dalam usaha untuk mengekang penularan wabak ini. SOP tersebut telah dikemaskini pada 4 September 2020 dan 24 November 2020.

On 1st August 2020, the government also announced a new SOP specifically to conduct forest ecotourism activities in FEP and FSP. All activities involved in FEP and FSP areas are allowed to operate at full capacity but visitors' attendance is limited from 9.00 am to 4.30 pm only.

In addition, the government has also updated the SOP for ecotourism forest activities in FEP and FSP to cater to the needs of visitors to the area. In addition, the government has also set up SOPs for specific activities and protocols such as accommodation activities, food stall operators, boathouse activities and extreme recreational activities to curb the spread of the outbreak. The SOP was updated on 4th September 2020 and 24th November 2020.

SOP Aktiviti Rekreasi Lasak

Aktiviti sukan lasak termasuklah Motorcross, ATV, Mountain Bike, Rock Climbing, Para Gilding dan penerokaan gua.

Penggiat dan pengendali sukan lasak perlu mematuhi had daya tempung yang ditetapkan oleh jabatan.

Pengunaan Pelitup Muka dan Hand Sanitizer

- Penggiat dan pengendali sukan lasak DIWAJIBKAN memakai pelitup muka (face mask).
- MEWAJIBKAN penggunaan hand sanitizer berbasiskan alkohol atau menyediakan kawasan mencuci tangan dengan sabun.

Pematuhan Penjarakan Fizikal

- Mengamalkan penjarakan fizikal sekurang-kurangnya 1-3 meter semasa menjalankan aktiviti rekreasi lasak.

Pembersihan Lokasi Aktiviti

- Penggiat dan pengendali sukan lasak dikenyatakan mengamalkan penjagaan kebersihan lokasi dan persekitaran kawasan (semasa dan selepas) pelaksanaan aktiviti rekreasi.
- Senarai sampah-sarap dan sisa buangan hendaklah dibuang di tempat yang dikehendaki (tong sampah).

SOP EKOPELANCONGAN HUTAN DI TAMAN EKO-RIMBA (TER) DAN HUTAN TAMAN NEGERI (HTN)

SOP ini adalah terpakai bagi semua kawasan ekopelancongan yang berada di dalam kawasan Hutan Simpanan Kekal (HSK) yang dilaksanakan oleh Jabatan Perhutanan Negeri Pahang (JPNP).

Penggunaan Pelitup Muka

Penggunaan selalu pakai untuk memakai pelitup muka (face mask) semasa mengunjungi kawasan TER dan HTN.

Menjaga Kebersihan Diri

Sentiasa mengambil kehadiran abdi dengan mencuci tangan dengan sabun dan air atau hand sanitizer mengelakkan erka bersin dan batuk secara berberantara dan membungkus sampah seperti plastik dan pelitup muka (face mask) berpakai di tempat yang telah ditetapkan (tong sampah).

Saringan Suhu Badan

Maklumat perihal penggunaan peralatan saringan suhu badan malaribah 37.5°C tidak dibenarkan berada di dalam TER dan HTN.

Aktiviti Jungle Trekking/Pendakian

Pendakian selalu pakai untuk mengikuti peraturan dan perintah Juncirku Alam Terengganu (Nature Guide/Melaka/Jambi Gunung yang berdaulat dengan jabatan.

Awasi Simptom Covid-19

Pengunjung yang mempunyai simptom seperti susah napah, batuk, sebatuk suara horosik adalah tetap dibenarkan masuk dan perlu meninggalkan kawasan TER dan HTN serta-merta.

Kanak-kanak dan Warga Emas/Golongan Berisiko Tinggi

Pengunjung yang berumur di bawah 12 tahun dan melebihi 60 tahun ke atas adalah tidak diperbolehkan.

Amalkan Penjarakan Fizikal

Lelaki dan wanita pelajar sekolah berkumpulan dengan mengelakkan penjarakan fizikal seperti berbincang.

Aktiviti statik jarak 1-3 meter
Aktiviti dinamik 3-6 meter

SENARAI PENERBITAN PADA TAHUN 2020

LIST OF PUBLICATIONS IN 2020

Coffee Table Kepelbagaian Biologi Hutan Taman Negeri Perlis: **Perlis State Park the** **Jewel of Perlis Limestone**

Buku *Perlis State Park The Jewel of Perlis Limestone* merupakan penerbitan bergambar yang menunjukkan kepelbagaian biologi hutan di dalam Taman Negeri Perlis. Ia adalah hasil daripada penemuan semasa beberapa Ekspedisi Saintifik Kepelbagaian Biologi Hutan dijalankan di kawasan tersebut. Sejak tahun 1998, sebanyak empat Ekspedisi Saintifik Kepelbagaian Biologi Hutan telah dianjurkan di Taman Negeri Perlis yang melibatkan kawasan Wang Kelian, Wong Mu, Bukit Rongkit dan Gunung Perlis. Ekspedisi-ekspedisi tersebut dilaksanakan bagi mengumpul maklumat sumber semula jadi terutamanya kepelbagaian spesies flora dan fauna yang terdapat di kawasan Taman Negeri. Taman Negeri Perlis merupakan taman negeri yang pertama ditubuhkan di Semenanjung Malaysia. Ianya merupakan kawasan konservasi yang unik dan didominasi oleh habitat dan ekosistem batu kapur. Taman Negeri ini terdiri daripada dua kawasan Hutan Simpanan Kekal (HSK) iaitu Hutan Simpan Mata Ayer dan Hutan Simpan Wang Mu yang merangkumi keluasan seluas 6,236.3 ha yang berkepentingan dari segi ekologi dan sejarah.

Perlis State Park the Jewel of Perlis Limestone book is a pictorial publication that shows the forest biodiversity in Perlis State Park. It is the result of findings during several Forest Biodiversity Scientific Expeditions conducted in the area. Since 1998, a total of four Forest Biodiversity Scientific Expeditions have been organized in Perlis State Park involving Wang Kelian, Wong Mu, Bukit Rongkit and Gunung Perlis. These expeditions are carried out to collect information on natural resources, especially the diversity of species of flora and fauna found in the State Park area. Perlis State Park is the first state park established in Peninsular Malaysia. It is a unique conservation area and is dominated by limestone habitats and ecosystems. The State Park consists of two Permanent Reserved Forest (PRF) areas, namely Mata Ayer Forest Reserve and Wang Mu Forest Reserve, which cover an area of 6,236.3 ha which is ecologically and historically important.

Coffee Table Kepelbagaian Biologi Hutan Taman Negeri Ayer Hitam: *A Short Journey to the Last Black Jewel of Johor Darul Takzim*

Buku *A Short Journey to the Last Black Jewel of Johor Darul Takzim* adalah penerbitan bergambar hasil daripada Ekspedisi Saintifik Kepelbagaian Biologi Hutan ke-32 yang telah diadakan di Hutan Simpan Ayer Hitam, Muar pada 14 hingga 18 April 2019. Ekspedisi ini telah menarik minat peserta dari pelbagai agensi termasuk universiti dan agensi penyelidikan. Matlamat utama ekspedisi adalah untuk meneroka dan mengenal pasti spesies flora serta fauna yang terdapat di kawasan Hutan Simpan Ayer Hitam, Muar khususnya yang berada di bawah pentadbiran Jabatan Perhutanan Negeri Johor. Terdapat pelbagai penemuan ilmiah telah direkodkan sepanjang ekspedisi tersebut berlangsung. Antara yang telah direkodkan adalah kumpulan flora yang terdiri daripada spesies tumbuhan berkayu dan berbunga, paku-pakis dan lumut serta kumpulan fauna seperti ikan, herpetofauna, labah-labah, odonata dan lain-lain. Buku ini terhasil daripada perkongsian maklumat dan hasil penyelidikan para peserta bagi menggambarkan perjalanan pendek ke Hutan Simpan Ayer Hitam, Muar yang merupakan hutan paya gambut terakhir di Johor. Ianya diharapkan dapat menjadi panduan dalam pelaksanaan pengurusan hutan secara mampan di Hutan Simpan Ayer Hitam, Muar, Johor.

The book of 'A Short Journey to the Last Black Jewel of Johor Darul Takzim' is a pictorial publication resulting from the 32nd Forest Biodiversity Scientific Expedition, which was held at Ayer Hitam Forest Reserve, Muar on 14 to 18 April 2019. This expedition has attracted participants from various agencies including universities and research agencies. The main goal of the expedition is to explore and identify the species of flora and fauna found in the Ayer Hitam Forest Reserve, Muar, especially those under the administration of the Johor State Forestry Department. There are various scientific discoveries have been recorded throughout the expedition. Among those that have been recorded are groups of flora consisting of species of woody and flowering plants, ferns and mosses as well as groups of fauna such as fish, herpetofauna, spiders, odonata and others. This book is the result of the information sharing and research from the participants to describe a short trip to the Ayer Hitam Forest Reserve, Muar which is the last peat swamp forest in Johor. It is hoped that it can be a guide in the implementation of sustainable forest management in the Ayer Hitam Forest Reserve, Muar, Johor.

Garis Panduan Pembalakan Kurang Impak di Semenanjung Malaysia (Kemaskini 2020)

Guidelines for Reduced Impact Logging in Peninsular Malaysia

Buku ini mengandungi panduan Pembalakan Kurang Impak (Reduced Impact Logging, RIL) di Semenanjung Malaysia yang meliputi lapan (8) bab secara keseluruhannya dan dikemaskini daripada buku *Guidelines for Reduced Impact Logging in Peninsular Malaysia* (RIL) yang diterbitkan pada tahun 2003. Buku RIL ini mengandungi panduan mengenai pengusahaan hutan yang bermatlamatkan untuk mengurangkan kerosakan terhadap dirian tinggal, tanah dan kualiti air bagi mengekalkan keupayaan pengeluaran hutan serta fungsi ekologinya. Buku ini amat penting dalam sektor pengurusan hutan kerana ia melibatkan impak secara terus ke atas pembangunan sosio-ekonomi negara dan kestabilan alam sekitar serta mempengaruhi kualiti kehidupan masyarakat setempat. Bukan itu sahaja, kandungan buku ini juga mengetengahkan peranan semua pihak terutamanya barisan pengurusan hutan dan pengusaha pembalakan baik dalam konteks pengurusan hutan sebelum, semasa dan selepas operasi pengusahaan dilakukan. Selain itu, buku ini turut menekankan kepentingan aspek keselamatan dan kesihatan pekerjaan, latihan serta penyelenggaraan mesin dan jentera kepada pihak-pihak yang terlibat sepanjang operasi pengusahaan dilakukan. Dengan penerbitan buku RIL ini diharapkan agar semua pihak yang terlibat dengan pelaksanaan aktiviti pengusahaan hutan mendapat manfaat yang sewajarnya dalam usaha mengekalkan kelestarian sumber asli untuk generasi yang akan datang.

This book contains guidelines for Reduced Impact Logging (RIL) in Peninsular Malaysia which covers eight (8) chapters in total and updated from the book of Guidelines for Reduced Impact Logging in Peninsular Malaysia (RIL) published in 2003. This RIL book contains guidelines on forest harvesting aimed at reducing damage to stumps, soil and water quality in order to maintain the forest production capacity and ecological function. This book is very important in the forest management sector because it has a direct impact on the socio-economic development of the country and environmental stability as well as affect the quality of life for local communities. Not only that, the content of this book also highlights the role of all parties, especially forest managers and logging operators in the context of forest management before, during and after harvesting operations are carried out. In addition, this book also emphasizes the importance of occupational safety and health, training and maintenance of machines and machinery to the parties involved throughout the harvesting operations carried out. With the publication of this RIL book, it is hoped that all parties involved in the implementation of forest harvesting activities will benefit accordingly in an effort to maintain the sustainability of natural resources for future generations.

Pelan Antirasuah Organisasi Jabatan Perhutanan Semenanjung Malaysia 2020-2024

Organisational Anti-Corruption Plan (OACP)

Pelan Antirasuah Organisasi (OACP) adalah merupakan satu dokumen dasar antirasuah di peringkat jabatan yang bertujuan untuk menangani permasalahan dan kelemahan *governans*, integriti dan antirasuah dalam jabatan. Pelan ini memberi panduan secara jelas kepada semua warga perhutanan tentang keperluan, peranan dan tanggungjawab masing-masing dalam memastikan agenda pencegahan rasuah dilaksanakan dengan sempurna. Terdapat tujuh bab yang menerangkan tentang latar belakang jabatan, cabaran menangani rasuah, analisis data, kerangka OACP, cadangan inisiatif, pelaksanaan dan pemantauan. Selaras dengan hala tuju OACP iaitu “Membentuk Ekosistem Jabatan Yang Bebas Rasuah”, tiga strategi merangkumi 15 inisiatif telah dikenalpasti dan digubal untuk dilaksanakan sebagai panduan pengurusan antirasuah di jabatan ini. Pelan ini dibangunkan bagi menyediakan satu platform yang sistematik dalam menangani isu rasuah dengan mekanisma pelaporan kepada pengurusan tertinggi Jabatan secara berkala dan mempamerkan komitmen pengurusan tertinggi Jabatan dalam usaha pencegahan rasuah. Melalui pelaksanaan OACP, usaha pencegahan rasuah dapat dilaksanakan dengan lebih berstruktur, komprehensif, inklusif dan holistik. Diharapkan Jabatan dapat melaksanakan usaha-usaha pencegahan rasuah secara berterusan melalui pemantauan, penilaian dan penambahbaikan ke atas OACP supaya kekal relevan dengan perubahan semasa.

The Organizational Anti -Corruption Plan (OACP) is an anti -corruption policy document at the department level that aims to address the problems and weaknesses of governance, integrity and anti -corruption in the department. The plan provides clear guidance to all foresters on their respective needs, roles and responsibilities in ensuring that the anti-corruption agenda is implemented properly. There are seven chapters describing the department's background, challenges to handling corruption, data analysis, OACP framework, proposed initiatives, implementation and monitoring. In line with the OACP's direction of "Creating a Corruption -Free Department Ecosystem", three strategies comprising 15 initiatives have been identified and formulated to be implemented as an anti -corruption management guide in this department. The plan was developed to provide a systematic platform in addressing corruption issues with a reporting mechanism to the Department's top management on a regular basis and shows the Department's top management commitment in anti -corruption efforts. Through the implementation of the OACP, anti -corruption efforts can be implemented in a more structured, comprehensive, inclusive and holistic manner. It is hoped that the Department will be able to continuously implement anti-corruption efforts through monitoring, evaluation and improvement on the OACP to remain relevant to current changes.

Taman Eko Rimba Kuala Lumpur

BERNAMA | 5 Januari 2020

BERNAMA
5 Januari
5 January

TAMAN Eko Rimba Kuala Lumpur adalah satu-satunya kawasan hutan asli jenis Dipterokarp Pamah yang masih wujud di tengah-tengah ibu kota.

Hutan Ibu ini adalah hutan simpan tertua di Semenanjung Malaysia dan kedudukannya yang strategik dikelilingi bangunan pencakar langit yang menjadikannya penting dalam memainkan peranan sebagai 'green lung' Kuala Lumpur.

Tahun 2020 merupakan Tahun Melawat Malaysia yang memfokus kepada eko pelancongan, seni dan budaya, sesuai dengan Pelan Eko Pelancongan Kebangsaan 2016-2025 dan Dasar Budaya Kebangsaan yang meletakkan ekopelancongan, seni dan budaya sebagai fokus utama dan jalan menuju ke depan dalam pembangunan industri pelancongan di Malaysia. - Bernama

Tanam 3,500 pokok dalam masa tiga hari

Oleh Mohd Rafi Mamat

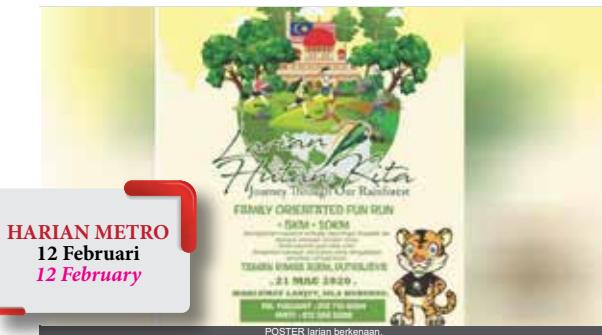

CAMERON HIGHLANDS: Sebanyak 3,500 pelbagai jenis pokok ditanam dalam masa tiga hari pada fasa pertama program pemuliharaan bekas tapak kebun sayur haram di Hutan Simpan Kekal (HSK) Sungai Ichat, di sini.

Pengarah Jabatan Perhutanan Negeri Pahang (JPNP), Datuk Dr Mohd Hizamri Mohd Yasin, berkata, kawasan seluas tujuh hektar itu ditanam dengan pokok spesies Damar Minyak, Meranti Rambai Daun dan Merawan Siput Jantan.

Menurutnya, aktiviti menghijaukan kawasan tadahan air tanah tinggi terbabit bermula Selasa lalu membabitkan lebih 100 kakitangan Bahagian Pembangunan JPNP dan Pejabat Hutan Daerah (PHD) Raub, PHD Bentong, Pejabat Ladang Hutan Kemasul, Temerloh, PHD Cameron Highlands dan Unit Penguatkuasa Pahang Barat.

Katanya, program tanaman di HSK Sungai Ichat akan dilakukan secara berterusan membabitkan beberapa fasa dan aktiviti terbabit akan turut dilakukan syarikat swasta pada masa akan datang.

Jom sertai Larian Hutan Kita

HARIAN METRO

Kuala Lumpur

KEMENTERIAN Air, Tanah dan Sumber Asli (KATS) dengan kerjasama Jabatan Perhutanan Semenanjung Malaysia (JPSM) akan menganjurkan Program Larian Hutan Kita bersempena Sambutan Hari Hutan Antarabangsa Peringkat Kebangsaan Tahun 2020 pada 21 Mac ini bertempat di Taman Rimba Alam, Putrajaya.

Larian Hutan Kita akan dikendalikan bersama oleh MMTF yang berpengalaman dalam menganjurkan "TNF Malaysia Mountain Trail Festival" dan 10 Senses yang menjadi penganjur bagi "Twincity Cyberjaya Marathon".

Objektif utama program ini adalah untuk meningkatkan kesedaran mengenai kepentingan khazanah semula jadi dan memupuk semangat cinta untuk hutan kita selain memupuk gaya hidup sihat di kalangan masyarakat yang berbilang kaum.

Program Larian Hutan Kita yang bertemakan Fun Family Orientated Run ini terbahagi kepada dua kategori iaitu 5 kilometer (km) dan 10 km ini.

Kategori 5KM sesuai untuk pelari semua peringkat umur dan laluan yang disediakan adalah sesuai untuk ibu bapa yang membawa stroller anak-anak mahupun yang berkerusi roda.

Kerjasama penyelidikan hutan Pahang

Oleh Mohd Rafi Mamat
bhnews@bh.com.my

JERANTUT: Institut Penyelidikan Perhutanan Malaysia (FRIM) mengadakan memorandum perserfahaman (MoU) dalam bidang penyelidikan dan pendidikan dengan Jabatan Perhutanan Negeri Pahang yang mewakili kerajaan Pahang di Stesen Penyelidikan FRIM Jengka, di sini semalam.

Kerjasama julung kali diadakan itu dilakukan bagi mengadakan pelbagai aktiviti terutama membabitkan penyelidikan hutan tropika yang di negeri ini.

Ketua Pengarah FRIM, Datuk Dr Abd Latif Mohmod, berkata pengalaman dan kepakaran dua agensi digabungkan demi kepentingan hutan yang mempunyai pelbagai spesies pokok.

Price we pay for not preserving forests

April 1, 2020 @ 12:02am

NEW STRAITS
TIME
1 April
1 April

Rapid forest clearing is enough to trigger chains of events for deadly infectious diseases to spread to animals and human populations.

FOR years, scientists have been trying to warn us that deforestation will unleash infectious diseases onto human populations. International travel then helps some of these diseases spread, damaging human health and economies significantly.

The act of rapid forest clearing, even without the hunting and poaching of wildlife that usually accompanies encroachment into forests, is enough to trigger chains of events that create the right conditions for deadly infectious diseases to spread to domestic animals and nearby human populations.

Sunset in Labuan, with Mount Kinabalu in view. It is vital to prevent communities linked to protected areas from collapsing. BERNAMA PIC

IT is a bold new goal of rising importance to the interests of every human and other species: Protect at least 30 per cent of all land and oceans by 2030. Its urgency was underlined last week in a joint statement by the Global Steering Committee of the Campaign for Nature, formed to promote that objective as the world looks to agree on new decadal biodiversity goals next year.

I am a proud member of the committee, which is led by Russ Feingold, former United States Senator and former Special Envoy to the Great Lakes Region of Africa.

He is supported by former presidents José María Figueres (Costa Rica), Olusegun Obasanjo (Nigeria), Mary Robinson (Ireland), Olafur Ragnar Grimsson (Iceland), Ellen Johnson Sirleaf (Liberia), Ernest Bai Koroma (Sierra Leone), former prime minister Hailemariam Desalegn (Ethiopia), former executive secretary of the United Nations Framework Convention on Climate Change Christiana Figueres, former foreign ministers Amre Moussa (Egypt), Tzipi Livni (Israel), Susana Malcorra (Argentina), former deputy prime minister Yoniyuth Yuthavong (Thailand), former environment minister Emil Salim (Indonesia) and US Congresswoman Deb Haaland, an honorary member.

JPSM komited bangunkan pelancongan kembaraan

Gambar hiasan

29/08/2020 09:03 AM

PORT DICKSON, 29 Ogos -- Jabatan Perhutani Semenanjung Malaysia (JPSM) terus komited dalam merancakkan pelancongan kembaraan yang berpotensi sebagai produk pelancongan khusus.

Timbalan Ketua Pengarah (Dasar dan Perancangan) JPSM Datuk Zahari Ibrahim berkata kekuatan sumber hutan di Malaysia mampu menjadi "negara sehenti" untuk aktiviti pelancongan pengembaraan.

Aktiviti kembaraan air, darat atau udara di hutan oleh pelancong mampu menyumbang kepada peningkatan hasil ekonomi negara, katanya.

"Sehingga kini terdapat 114 Taman Eko Rimba dan 13 Hutan Taman Negeri meliputi keluasan 400,000 hektar dalam kawasan hutan perlindungan yang menawarkan aktiviti pelancongan

Eco-bridges can save wildlife

September 5, 2020 @ 12:12am

The elephant calf that died after being hit by a car along Batu 10 Jalan Kota Tinggi-Mersing recently. - Pix courtesy of Perhilitan

LETTER Wildlife corridors, also known as eco-bridges, are zones of habitat that connect wildlife populations that would otherwise be severed by human activities or structures, such as roads, infrastructure development, farming, mining and logging.

Eco-bridges include green roofs for butterflies and birds; tunnels and culverts for small mammals such as otters, hedgehogs and badgers; amphibian tunnels; fish ladders; canopy bridge, especially for monkeys and squirrels; and, underpass tunnels, viaducts and overpasses, mainly for large or herd-type animals.

The death of a male elephant calf in Kota Tinggi, Johor, shows that the government must build eco-bridges for animals.

Due to forest clearing, animals are forced to cross roads and highways to get to other areas.

Kawasan hutan perlu dilindungi – PM

UTUSAN
8 September
8 September

MUHYIDDIN YASSIN

Oleh MAISARAH SHEIKH RAHIM

8 September 2020, 8:15 pm

PUTRAJAYA: Perdana Menteri, Tan Sri Muhyiddin Yassin menegaskan, khazanah hutan penting dalam pembangunan sosioekonomi dan kestabilan alam sekitar selain sangat mustahak untuk kelangsungan hidupan liar supaya tidak terusancam.

Beliau berkata, dalam usaha itu, kerajaan akan melaksanakan Program Penghijauan Malaysia melalui Kempen Penanaman 100 Juta Pokok di seluruh negara di bawah Rancangan Malaysia Ke-12.

Menurut beliau, satu kerangka kewangan inovatif akan dilaksanakan bertujuan menyediakan insentif kewangan kepada semua kerajaan negeri bagi melindungi dan memelihara kawasan berhutan.

"Saya menyuarakan kebimbangan mengenai populasi Harimau Malaya yang menurut dapatkan awal Survei Harimau Kebangsaan Pertama menunjukkan hanya terdapat antara 130 hingga 140 ekor. Jika jumlah itu menurun kepada kurang daripada 100 ekor, spesies tersebut akan diancam kepupusan dalam tempoh lima hingga 10 tahun akan datang.

TER Mossy Forest bakal menjadi produk pelancongan antarabangsa

Cameron Highlands: Kerajaan Pahang akan turut membantu memajukan Taman Eko Rimba (TER) Mossy Forest bagi memastikan ia menjadi produk pelancongan bertaraf antarabangsa di negara ini.

Menteri Besar Pahang Datuk Seri Wan Rosdy Wan Ismail berkata, keunikan tumbuhan lumut serta udara segar di TER Mossy Forest perlu dijadikan produk utama dalam usaha menarik lebih ramai pelancong dalam dan luar negara ke sini.

Katanya, sudah tiba masanya TER Mossy Forest diletakkan dalam peta pelancongan utama negara ini, seterusnya dijadikan pakej setiap pelancong yang datang ke Cameron Highlands.

Menurutnya, kesungguhan Jabatan Perhutanan Negeri Pahang (JPNP) memajukan TER Mossy Forest harus dipuji.

"Banyak kemudahan disediakan untuk pelancong terutama laluan pejalan kaki sepanjang 200 meter, menara dan tempat berehat."

"Kerajaan negeri akan memikirkan bentuk bantuan yang diperlukan oleh JPNP bagi memajukan lagi TER Mossy Forest, perbincangan dengan pihak terbabit akan dilakukan dari semasa ke semasa."

PROJECT RELEASE

Nestle to plant 3 million trees in 3 years

PUTRAJAYA: Nestle Malaysia yesterday said that it was committed to planting three million trees in the next three years through Project RELeaf, a reforestation initiative in Malaysia.

The initiative is an important contribution to the food and drink conglomerate's global ambition to achieve zero net greenhouse gas emissions by 2050.

Two million trees will be planted across the Kuala Sungai Wetlands and Merentau forest restoration area in Sabah and another million will be in the peninsula, including areas along the Central Forest Spine under the RM18 million project.

Project RELeaf, a continuation of Nestle's Project RELeaf, aimed to scale up the Switzerland-based multinational's effort to restore riparian and forest ecosystems, establish wildlife corridors and mitigate human-animal conflict as well as protect water supplies.

Nestle Malaysia Bhd chief executive officer Juan Aramendi said Project RELeaf was not only about contributing to the corporation's environmental commitments, but more importantly, about preserving Malaysia's precious ecosystems and biodiversity, as well as supporting the nation's effort to maintain a natural forest cover of more than 50 per cent.

"With the RELeaf project concluding, we wanted to embark on a new and even more ambitious reforestation programme as a way to maintain and help restore our forests to fight climate change and protect threatened ecosystems," he said in his speech at the project launch in Taman Rimba Alam, here, yes-

GREEN RECOVERY VITAL FOR ECONOMIES

Governments need to work closely with the private sector to accelerate the green transition

ACCORDING to a study by the World Economic Forum, governments need to work closely with the private sector to accelerate the green transition if they are to meet their climate goals and benefit from the economic opportunities it creates.

Universiti Kebangsaan Malaysia (UKM) senior lecturer Kim Sezer said the report, which analysed the world's top 100 economies, showed that only 11 countries had adopted green growth policies.

Universiti Malaysia Pahang (UMP) academic associate professor Dr Ahmad Hashmi bin Hashim said the report also highlighted that only one in five countries were on track to achieve net-zero emissions by 2050.

He said there were many reasons why governments were not doing enough to encourage green growth.

He said that governments should work with the private sector to support green business and innovation.

Inadequate or inconsistent climate policies and regulations, lack of coordination between energy, environment and other ministries, lack of incentives and subsidies, and poor implementation of policies.

Sezer said the report also showed that only three countries had adopted green growth policies.

He said the report also showed that only one in five countries were on track to achieve net-zero emissions by 2050.

He said the report also showed that only one in five countries were on track to achieve net-zero emissions by 2050.

Manfaat teknologi tangani pencerobohan hutan simpan

Sejak akhir-akhir ini, pelbagai bentuk kegiatan dan kejadian pencerobohan haram tanah kerajaan banyak dilaporkan di media massa dan media sosial.

Ada mencroboh tanah tepi sungai untuk membina rumah dan kilang, mencroboh tanah kerajaan untuk membina rumah ibadat, kegiatan pertanian, mencroboh serta mencuri kayu bakak, mencuri pasir, menarab gunung dan memburu sebagai pembunuhan harian.

Kini kegiatan itu turut dilakukan warga asing yang membunuh hidupan liar negara yang dilindungi. Namun, berita terbaru seperti dilaporkan ialah pencerobohan hutan simpan untuk menanam durian musang king.

Semua bentuk pencerobohan ini amat berlaku rapat dengan alam sekitar, iaitu khaazanah negara yang tidak termasuk harganya atau lebih tepat lagi khaazanah anugerah Allah SWT untuk Malaysia.

Pencerobohan tanah di tepi sungai akan mengakibatkan pencemaran sungai, manakala pencerobohan terhadap hilang laut akan mengancam spesies hampr pupus dan akan hilang buat selama-lamanya.

Pencerobohan gunung batu kapur untuk dijadikan batu marmar yang akhirnya peranannya gunung-gunung sebagai pasok bumi semakin membangkitkan.

Semua pencerobohan yang dilakukan ini disebabkan untuk mengejar gajaran dengan mengantarkan berjuta-juta tetapi generasi sion datang terpaksa meninggalkan derita dan negara akan hilang khaazanah tidak terbalik ini.

Di manakah silapaya? Adakah rakyat Malaysia kurang diberi pendedahan berkaitan dengan kesalahan menj

ceroboh tanah kerajaan atau mungkin setiap tanah kerajaan harus dipakai papan tanda mengatakan Tanah Hak Milik Kerajaan Penceroboh Akan Didakwa serta disebabkan amalan rasuah yang semakin berleluasa.

Peranan pengawal kuasa pada masa lalu harus dikaji semula. Semakin ramai bilangan pengawal kuasa kemungkinan semakin banyak amalan rasuah. Jadi, peranan pengawal kuasa ini sedikit demi sedikit harus diambil alih teknologi termasuk kepintaran buntan (AI), drone dan satelit.

Sebagai contoh, penggunaan teknologi

Begini juga penggunaan kamera litar tertutup (CCTV).
Hutan simpan mungkin perlu dipasangkan dengan CCTV supaya dapat memantau keselamatan hutan simpan. CCTV bukan sekadar merakam video dan merekodkan peristiwa tetapi boleh bertindak mengikut keperluan pengguna. Kebarangkalian CCTV bukan hanya pada kameranya tetapi formula matematik yang digunakan dalam sistemnya dapat menganalisis situasi sebenar.

Selain itu, langkah pemantauan juga boleh memanfaatkan Light Detection and Ranging (LiDAR) yang digunakan untuk memeriksa permukaan bumi. Secara asasnya, LiDAR menggunakan teknologi laser, pengimbas dan Sistem Pemantu Kedudukan Global (GPS) yang berlindung sebagai penerima. Dengan adanya teknologi LiDAR, kita dapat memeriksa dan memantau alam sekitar khaazanah negara.

Sebenarnya banyak lagi teknologi yang boleh digunakan dengan memanfaatkan polagan kelebihan. Walau pun teknologi ini mungkin dilihat mahal, dari segi maruah ia sah lebh bermaruah berbanding amalan rasuah yang berlaku dalam kalangan pengawal kuasa.

Jika dilihat dari perspektif Islam pula, kerosakan yang berlaku adalah disebabkan tangan manusia seperti firman Allah SWT: "Telaah timbul berbagai kerosakan dan bala bencana di darat dan di laut dengan sebab apa yang dilakukan tangan manusia." (Al-Rum: 41)

Jika boleh melihat kerusakan ini berlaku di sekeliling kita, jika kita melalui Projek Lebuhraya Utara-Selatan (PLUS) dari Kuala Lumpur ke

Ipoj dan apabila sampai di Tel Ipoh kita dapat lihat pemandangan di sebelah karsuan bagaimana penarahan bukit yang giat berlaku di Simpang Pulai. Ia menjadi pemandangan amat menyedihkan. Bukit yang begitu cantik sedang dimusnahkan semata-mata untuk mendapat keuntungan peribadi.

Pemandangan sebegini tidak terdapat di New Zealand misalnya. Kita perlu belajar bagaimana negara berkenaan membangun khaazanah hingga hari ini. Jika kita berkunjung ke New Zealand, kita boleh lihat betapa cantiknya pemandangan di negara mereka. Mereka tidak mencroboh tanah kerajaan, merosakna gunung-ganang atau membuat sampali-sarap ke dalam sungai secara haram.

Malah, sesiapa yang pernah berkunjung atau bekerja di New Zealand, pasti akan mendapati kita boleh torus sahaja minum air dari paip, tanpa perlu membeli air mineral dalam botol plastik yang akhirnya akan dicampakkan, memasuki pencuci air atau meletakkan klorin ke dalam air. Mereka menggunakan air segar dari sungai atau pergunaan.

Sungai tidak dianggap sebagai sumber kehidupan tetapi tempat membuang sampah dan sisa toxik. Kita lihat bagaimana baru-baru ini berlaku pembuangan sisa kilang ke dalam sungai yang akhirnya menjadikan juatan penduduk.

Apakah kerajaan hanya segerlitur orang mendapat untung, kita dim gerasi terus ditinggalkan tanpa monogram padah terutama apabila bekalan air tergendala selama beberapa hari. Begitu juga apabila kita bulik kampung sungai yang dahulunya jernih dan menyegarkan, kini berluka ke warna teh tarik.

Apabila ditanya kenapa berlaku se demikian, orang krimpong menjawab ada projek di hulu sungai.

AG. SHAFFIE (kiri)menerangkan kepada pengunjung tentang struktur batuan di Gua Kelam, Perlis.-SHAHIR NOORDIN

Khazanah bersejarah Gua Kelam

Oleh NORLIDA AKMAR IDROS

8 November 2020, 10:00 am

LUAHAN rasa rindu pada kekasih hati dan keluarga di China yang diabadikan pelombong bijih timah pada dinding Gua 2, Gua Kelam di Padang Besar, Perlis sejak kira-kira 85 tahun lalu masih boleh dilihat sehingga hari ini.

Tulisan Cina berwarna hitam itu terdapat pada beberapa sudut dinding di sepanjang laluan gua tersebut.

"Luahan itu ditulis sendiri pelombong bijih timah pada ketika itu yang merindui isteri, anak dan ahli keluarga di China.

"Rasa sunyi dan rindu yang terpendam di dalam hati itu mereka luah pada dinding gua ini," kata Pengarah Perhutanan Perlis, Ag. Shaffie Ag. Ahmadni sambil menghalakan lampu suluhanya pada tulisan tersebut.

Manfaat teknologi GIS lestari pengurusan tanah

Oleh Dr Nurul Hana Adi Maimun dan Dr Zakri Tarmidi - Disember 8, 2020 @ 12:00pm

SEJAK 2012, tanggal 5 Disember disambut sebagai Hari Tanah Sedunia. Sambutan diusulkan Kesatuan Antarabangsa Sains Tanah pada 2002 bagi meraikan pentingnya tanah terhadap kesejahteraan manusia dan alam sekitar.

Tahun ini, 'Pastikan Tanah Hidup, Lindungi Biodiversiti Tanah' dipilih sebagai tema sambutan. Tanah yang dirus dengan baik dapat menjamin kelangsungan makanan, air dan tenaga kepada manusia serta mengurangkan impak perubahan iklim.

Tanah adalah sumber alam terhad dan tidak boleh diperbaharui. Ia digunakan sebagai sumber dalam pelbagai bidang termasuk pertanian, perternakan, sebagai kawasan tадahan air, kawasan sumber mineral dan lain-lain lagi.

Penggunaan sumber tanah tidak terkawal menyebabkan ia semakin menurun sebab tahun. Pembangunan dan amalan pengurusan tanah tidak lestari seperti penebangan hutan tanpa kawalan dan pencemaran alam sekitar, menyebabkan berlakunya pelbagai bencana alam seperti tanah runtuh dan perubahan iklim.

Beberapa bencana besar melanda dunia akibat ketidaklestarian Antaranya banjir kilat di Kuala Lumpur, tanah runtuh di Can benam di Beijing pada awal tahun ini.

SHAMSUL ANUAR NASARAH

- Oleh MOHD FADHLI MOHD SULAIMAN
- 18 Disember 2020, 10:04 am

KUALA LUMPUR: Kementerian Tenaga dan Sumber Asli sentiasa komited dan mengukuhkan tindakan secara bersama dengan kerajaan-kerajaan negeri melalui pelbagai inisiatif untuk meningkatkan penjagaan dan pemuliharaan hutan.

Menterinya, Datuk Dr. Shamsul Anuar Nasarah berkata, kerajaan telah memperkenankan Ecological Fiscal Transfer for Biodiversity Conservation (EFT) buat kali pertama pada tahun 2019 dengan peruntukan sebanyak RM60 juta bagi menggalakkan Kerajaan-kerajaan negeri mewaktukan kawasan perlindungan yang merupakan kawasan penting bagi perkhidmatan ekosistem termasuk sebagai kawasan tадahan air dan perlindungan hidupan liar.
